NOTICE OF 2017 ANNUAL
GENERAL MEETING
AND
MANAGEMENT
INFORMATION CIRCULAR

NOTICE OF THE ANNUAL GENERAL MEETING TO BE HELD ON APRIL 19, 2017

Notice is hereby given that the Annual General Meeting (the “Meeting”) of shareholders of Africa Oil Corp. (“Africa Oil” or the “Corporation”) will be held at 9:00 am (Pacific Daylight Time) at Suite 2000, 885 West Georgia Street, Vancouver, BC for the following purposes:

1. To receive the consolidated audited financial statements of the Corporation for the year ended December 31, 2016, together with the report of the auditors thereon.
2. To appoint PricewaterhouseCoopers, LLP as auditor of the Corporation to hold office until the next Annual General Meeting, at a remuneration to be fixed by the directors of the Corporation.
3. To fix the number of directors at five (5).
4. To elect directors to hold office for the ensuing year.
5. To consider and, if deemed advisable, to approve an advisory resolution to accept the Corporation’s approach to executive compensation.
6. To transact such other business as may properly be brought before the meeting or at any adjournments or postponements thereof.

Accompanying this Notice of Meeting are: (i) a Management Information Circular (the “Circular”); (ii) an Instrument of Proxy and Notes thereto; and (iii) a reply card for use by shareholders who wish to receive the Corporation’s interim financial statements. Reference is made to the Circular for details of the matters to be considered at the Meeting.

If you are a *registered shareholder* of the Corporation and are unable to attend the Meeting in person, please complete, sign, date and return the enclosed form of Proxy either in the addressed envelope enclosed to Proxy Department, Computershare Investor Services Inc., 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, or by fax to 1-866-249-7775. Proxies must be received not less than 48 hours (excluding Saturdays, Sundays and holidays) prior to the Meeting or any adjournment thereof.

If you are a *non-registered shareholder* of the Corporation and receive these materials through your broker or through another intermediary, please complete and return the materials in accordance with the instructions provided to you by your broker or such other intermediary. **If you are a non-registered shareholder and do not complete and return the materials in accordance with such instructions, you may lose the right to vote at the Meeting, either in person or by proxy.**

If you have any questions about the procedures required to qualify to vote at the Meeting or about obtaining and depositing the required form of proxy, you should contact Computershare Investor Services Inc. by telephone (toll free) at 1-800-564-6253, by fax at 1-866-249-7775 or by e-mail at service@computershare.com.

DATED at Vancouver, British Columbia the 10th day of March, 2017.

MANAGEMENT INFORMATION CIRCULAR

(all information as of March 10, 2017, unless otherwise noted)

NOTICE OF ANNUAL GENERAL MEETING OF SHAREHOLDERS

NOTICE OF MEETING

PERSONS MAKING THE SOLICITATION

This Management Information Circular (the “Circular”) is furnished in connection with the solicitation of proxies being made by the management of Africa Oil Corp. (“Africa Oil” or the “Corporation”) for use at the Annual General Meeting of the Corporation’s shareholders (the “Meeting”) to be held on Wednesday, April 19, 2017 at 9:00 a.m. (Pacific Daylight Time) at Suite 2000, 885 West Georgia Street, Vancouver, British Columbia and for the purposes set forth in the accompanying Notice of Meeting. While it is expected that the solicitation will be made primarily by mail, proxies may be solicited personally or by telephone by directors, officers and employees of the Corporation. All costs of this solicitation will be borne by the Corporation.

It is anticipated that this Circular, together with the accompanying Notice of Meeting and form of proxy will first be mailed to shareholders of the Corporation on or about March 21, 2017.

SOLICITATION OF PROXIES

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Corporation. The Corporation will bear all costs of this solicitation. We have arranged to send meeting materials directly to non-registered shareholders who have consented to their ownership information being disclosed (non-objecting beneficial owners). We have arranged for intermediaries to forward the meeting materials to non-registered shareholders who have objected to their ownership information being disclosed (objecting beneficial owners). The Corporation will reimburse the intermediaries for their reasonable fees and disbursements in regards to the delivery of meeting materials to objecting beneficial owners.

CURRENCY AND EXCHANGE RATES

Unless otherwise indicated, all monetary amounts referred to herein are stated in United States dollars, the Corporation’s reporting currency. On December 30, 2016, the reported noon exchange rate quoted by the Bank of Canada for USD \$1.00 was CAD \$1.3427.

APPOINTMENT OF PROXYHOLDER AND VOTING BY PROXY

The individuals named in the accompanying form of proxy (the "Proxy") are directors or officers of the Corporation (the "Management Proxyholders"). **A shareholder wishing to appoint a person or company other than Management Proxyholders to attend and act for the shareholder and on the shareholder's behalf at the Meeting has the right to do so, by striking out the names of the Management Proxyholders and by inserting the desired person's or company's name in the blank space provided in the proxy, or by executing a proxy in a form similar to the enclosed form. In either case, the completed form of proxy must be delivered to Computershare prior to the Meeting or any adjournment thereof. A proxyholder need not be a shareholder.**

You can choose to vote your common shares by proxy by mail, by telephone or on the Internet. If you vote your common shares by proxy by mail, completed forms of proxies must be delivered to the Corporation's transfer agent, Computershare Investor Services Inc. ("Computershare"), at Proxy Department, at 100 University Avenue, 8th Floor, Toronto, Ontario, Canada M5J 2Y1, in the envelope provided for that purpose. Telephone and Internet voting can also be completed 24 hours a day, 7 days a week. For telephone voting call 1-866-732-VOTE (8683) (toll free in Canada and the United States) from a touch-tone telephone and follow the voting instructions. International holders wishing to vote by telephone can dial 1-312-588-4290 to place their vote. If you vote by telephone, you cannot appoint anyone other than the appointees named on the proxy form as your proxyholder. For internet voting, go to www.investorvote.com and follow the instructions on the screen. For either telephone or internet voting, you will need your 15 digit control number which is noted on your proxy form. Duly completed forms of proxy or a vote using the telephone or over the Internet must be completed no later than forty-eight (48) hours (excluding Saturdays, Sundays, and holidays) before the time of the Meeting, or any adjournment thereof, unless the chairman of the Meeting elects to exercise his discretion to accept proxies subsequently received.

If you are a beneficial shareholder and receive these materials through your broker or through another intermediary, please complete and return the form of proxy in accordance with the instructions provided by your broker or other intermediary contained in the voting instruction form ("VIF").

If you have any questions concerning the voting of your common shares, please contact Computershare at:

VOTING SHARES

ADVICE TO NON-REGISTERED HOLDERS OF COMMON SHARES

The information set forth in this section is of significant importance to many shareholders as a substantial number of shareholders do not hold securities of the Corporation in their own name. Shareholders who hold their securities through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their securities in their own name (referred to in this Circular as "**Beneficial Shareholders**") should note that only proxies deposited by shareholders who appear on the records maintained by the Corporation's registrar and transfer agent as registered holders of voting securities will be recognized and acted upon at the Meeting. If voting securities are listed in an account statement provided to a Beneficial Shareholder by a broker, those voting securities will, in all likelihood, not be registered in the shareholder's name. Such voting securities more likely will be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name of the Canadian Depository for Securities which acts as nominee for many Canadian brokerage firms). Voting securities held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients.

Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their voting securities are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Corporation and is commonly referred to as a "**voting instruction form**". However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications Solutions, Canada (formerly, ADP Investor Communications, Canada)("Broadridge"). Broadridge typically prepares a machine-readable voting instruction form, mails such forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote their securities directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of securities must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the securities voted. If you have any questions respecting the voting of securities held through a broker or other intermediary, please contact that broker or other intermediary promptly for assistance.** Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting securities registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the securities in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their securities as proxyholder for the registered shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

ADVICE TO HOLDERS OF EUROCLEAR SWEDEN REGISTERED SHARES

The information set forth in this section is of significance to shareholders who hold their securities (“Euroclear Registered Securities”) through Euroclear Sweden AB, which securities trade on Nasdaq Stockholm.

Shareholders who hold Euroclear Registered Securities are not registered holders of voting securities for the purposes of voting at the Meeting. Instead, Euroclear Registered Securities are registered under CDS & Co., the registration name of the Canadian Depository for Securities.

Holders of Euroclear Registered Securities will receive a VIF by mail directly from Computershare AB (“Computershare Sweden”). Additional copies of the VIF, together with the Corporation’s Management Information Circular, can also be obtained from Computershare Sweden and are available on the Corporation’s website (www.africaoilcorp.com). The VIF cannot be used to vote securities directly at the Meeting. Instead, the VIF must be completed and returned to Computershare Sweden, strictly in accordance with the instructions and deadlines that will be described in the instructions provided with the VIF.

If you have any questions concerning how to complete the VIF or respecting the voting of Euroclear Registered Securities, please contact Computershare Sweden at:

REVOCAION OF PROXIES

A registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing, including a proxy bearing a later date, executed by the registered shareholder or by his attorney authorized in writing or, if the registered shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. The instrument revoking the proxy must be deposited at the registered office of the Corporation, at Suite 2600 Oceanic Plaza, 1066 West Hastings Street, Vancouver, British Columbia, V6E 3X1 at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the Corporate Secretary of the Corporation or the chairman of the Meeting prior to the time of voting at the Meeting. Only registered shareholders have the right to revoke a proxy. **Beneficial Shareholders who wish to change their vote must arrange for their respective intermediaries to revoke the proxy on their behalf.**

EXERCISE OF DISCRETION

The Shares represented by Proxy in the form provided to shareholders will be voted or withheld from voting by the Management Proxyholder in accordance with the direction of the shareholder appointing him. If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

RECORD DATE

Shareholders registered as at March 10, 2017 (the "Record Date") are entitled to attend and vote at the Meeting. Shareholders who wish to be represented by proxy at the Meeting must, to entitle the person appointed by the Proxy to attend and vote, deliver their Proxies at the place and within the time set forth in the notes to the Proxy.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as may be disclosed herein, no director or executive officer of the Corporation, or any person who has held such a position since the beginning of the last completed financial year end of the Corporation, nor any nominee for election as a director of the Corporation, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of common shares of which **456,617,074** common shares are issued and outstanding as at the date hereof. Each common share is entitled to one vote.

To the knowledge of the directors and executive officers of the Corporation, there are no persons who beneficially own, directly or indirectly, or exercise control or direction over, directly or indirectly, 10% or more of the issued and outstanding common shares of the Corporation, except as set forth below:

Name of Shareholder	Common Shares Beneficially Owned, Controlled or Directed	Percentage of the Outstanding Common Shares
Stampede Natural Resources S.a.r.l.	52,623,377	11.52%

BUSINESS OF THE ANNUAL GENERAL MEETING

FINANCIAL STATEMENTS AND AUDITOR'S REPORT

The Corporation's consolidated financial statements for the year ended December 31, 2016 and the report of the auditors thereon will be placed before the Meeting. Copies of the consolidated financial statements, the auditors' report and management's discussion and analysis have been mailed to all registered shareholders and non-registered shareholders (or beneficial shareholders) who have opted to receive such materials. These documents can also be found on the Corporation's website at www.africaoilcorp.com and are also available on SEDAR at www.sedar.com. No vote by shareholders is required to be taken with respect to the consolidated financial statements.

APPOINTMENT AND REMUNERATION OF AUDITORS

The Board of Directors (the "Board") recommends the re-appointment of PricewaterhouseCoopers LLP Chartered Accountants ("PwC") as auditors of the Corporation to hold office until the termination of the next annual meeting of shareholders.

The common shares represented by the proxies solicited in respect of the Meeting on any ballot that may be called for, unless authority to do so is withheld, will be voted by the persons named therein FOR the appointment of PwC, as auditors of the Corporation until the next annual general meeting of shareholders, and to authorize the directors to fix the remuneration of the auditors. PwC have been the Corporation's auditors since October 8, 2008.

ELECTION OF DIRECTORS

The Board presently consists of five directors. The Board is recommending that five directors be elected at the meeting. The director nominees are:

- Keith C. Hill
- John H. Craig
- Andrew D. Bartlett
- Bryan Benitz
- Gary Guidry

The term of office of each of the present directors expires at the Meeting. At the Meeting, shareholders will be asked to pass an ordinary resolution to set the number of directors at five and the five persons named above will be proposed for election as directors of the Corporation ("Proposed Directors"). Unless authority to vote is withheld, the common shares represented by the proxies hereby solicited will be voted by the persons named therein FOR the election of the Proposed Directors whose names are set forth above. All of the Proposed Directors are presently members of the Board and all of the Proposed Directors were elected to their present term by a vote of shareholders at a meeting which was accompanied by a management proxy circular. The dates on which they were first elected or appointed are indicated below. Management does not contemplate that any Proposed Director will be unable or unwilling to serve as a director.

The Board has adopted a policy on Majority Voting that provides that the Chairman of the Board will ensure that the number of shares voted in favour or withheld from voting for each director nominee is recorded and promptly made public after the meeting. If any nominee for director receives, from the shares voted at the meeting in person or by proxy, a greater number of shares withheld than shares voted in favour of his or her election, the director must immediately tender his resignation to the Chairman of the Board following the meeting, to take effect upon acceptance by the Board. The Corporate Governance and Nominating Committee will expeditiously consider the director's offer to resign and make a recommendation to the Board whether to accept the offer. Within 90 days of the shareholders' meeting, the Board will make a final decision concerning the acceptance of the director's resignation and announce that decision by way of a news release. Any director who tenders his or her resignation will not participate in the deliberations of the Board or any of its committees pertaining to the resignation. The policy applies only to uncontested elections, where the number of nominees as director is equal to the number of directors to be elected. If the director fails to tender his or her resignation as contemplated in the policy, the Board will not re-nominate the director. Subject to any corporate law restrictions, where the Board accepts the offer of resignation of a director and that director resigns, the Board may exercise its discretion with respect to the resulting vacancy and may, without limitation, leave the resultant vacancy unfilled until the next annual meeting of shareholders, fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the shareholders, or call a special meeting of shareholders to elect a new nominee to fill the vacant position.

ADVANCE NOTICE PROVISIONS

Pursuant to the provisions in the Corporation's articles requiring advance notice (the "**Advance Notice Provisions**") adopted by the shareholders of the Corporation on June 3, 2013, only persons who are nominated in accordance with the following procedures shall be eligible for election as directors of the Corporation. Nominations of persons for election to the Board may be made at any annual meeting of shareholders, or at any special meeting of shareholders, if one of the purposes for which the special meeting was called was the election of directors: (a) by or at the direction of the Board, including pursuant to a notice of meeting; (b) by or at the direction or request of one or more shareholders pursuant to a proposal made in accordance with the provisions of the *Business Corporations Act (British Columbia)* S.B.C. 2002 c. 57 (the "BCA"), or a requisition of the shareholders made in accordance with the provisions of the BCA; or (c) by any person (a "**Nominating Shareholder**"): (A) who, at the close of business on the date of the giving of the notice provided for below in the Advance Notice Provisions and on the record date for notice of such meeting, is entered in the securities register as a holder of one or more shares carrying the right to vote at such meeting or who beneficially owns shares that are entitled to be voted at such meeting; and (B) who complies with the notice procedures set forth below in the Advance Notice Provisions.

In addition to any other applicable requirements, for a nomination to be made by a Nominating Shareholder, the Nominating Shareholder must have given timely notice in proper written form to the Corporate Secretary of the Corporation at the principle executive office of the Corporation.

To be timely, a Nominating Shareholder's notice to the Secretary of the Corporation must be made: (a) in the case of an annual meeting of shareholders, not less than 36 nor more than 65 days prior to the date of the annual meeting of shareholders; provided, however, that in the event that the annual meeting of shareholders is to be held on a date that is less than 50 days after the date (the "**Notice Date**") on which the first public announcement of the date of the annual meeting was made, notice by the Nominating Shareholder is to be made not later than the close of business on the 10th day after the Notice Date in respect of such meeting; and (b) in the case of a special meeting (which is not also an annual meeting) of shareholders called for the purpose of electing directors (whether or not called for other purposes), not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting of shareholders was made. In no event shall any adjournment or postponement of a meeting of shareholders or the announcement thereof commence a new time period for the giving of a Nominating Shareholder's notice as described above.

To be in proper written form, a Nominating Shareholder's notice to the Secretary of the Corporation must set forth:

- (i) For each person the Nominating Shareholder proposes to nominate for election as a director: (a) the name, age, business address and residential address of the person; (b) the principal occupation or employment of the person; (c) the class or series and number of shares in the capital of the Corporation which are controlled or which are owned by the person as of the record date for the meeting of shareholders and as of the date of such notice; and (d) any other information relating to the person that would be required to be disclosed in a dissident's proxy circular in connection with solicitations of proxies for election of directors pursuant to the BCA and applicable securities laws; and
- (ii) For the Nominating Shareholder giving the notice, any proxy, contract, arrangement, understanding or relationship pursuant to which such Nominating Shareholder has a right to vote any shares of the Corporation and any other information relating to such Nominating Shareholder that would be required to be made in a dissident's proxy circular in connection with solicitations of proxies for election of directors pursuant to the BCA and applicable securities laws.

Pursuant to the Advance Notice Provisions, any additional director nominations for the Meeting must be received by the Corporation in compliance with the Advance Notice Provisions no later than the close of business on March 14, 2017. No such nominations have been received by the Corporation prior to the date hereof.

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

The persons named in the following tables are management’s nominees to the Board. Each of the nominees was elected to his present term of office by a vote of shareholders of the Corporation at a prior meeting, the notice of which was accompanied by a management information circular. The names and places of residence of the persons nominated for office as directors, the number of common shares, stock options, restricted share units, and performance share units of the Corporation beneficially owned, controlled or directed, directly or indirectly as at March 10, 2017, the period served as director, the tenure, independence, committee memberships, meeting attendance, other public board responsibilities and the principal occupation during the last five years of each are as follows:

From July 2011 to July 2014, Mr. Guidry served as President and Chief Executive Officer of Caracal Energy Inc. Mr. Guidry also served as President and CEO of Orion Oil & Gas Corp. from October 2009 to July 2011, Tanganyika Oil Corp. from May 2005 to January 2009, and Calpine Natural Gas Trust from October 2003 to February 2005. Mr. Guidry currently sits on the boards of ShaMaran Petroleum Corp. (since February 2007), where he also serves as a member of the company's Audit Committee. From September 2010 to October 2011, Mr. Guidry also served on the board of Zodiac Exploration Corp., and from October 2009 to March 2014, he served on the board of TransGlobe Energy Corp. Mr. Guidry has directed exploration and production operations in Yemen, Syria and Egypt and has worked for oil and gas companies around the world in the U.S., Colombia, Ecuador, Venezuela, Argentina and Oman. Mr. Guidry is an Alberta-registered professional engineer (P. Eng.) and holds a B.Sc. in petroleum engineering from Texas A&M University.

CORPORATE CEASE TRADE ORDERS, BANKRUPTCIES, PENALTIES OR SANCTIONS

CEASE TRADE ORDERS

Other than as disclosed below, no director or officer or person holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation, is, or within the past ten years before the date of this Circular has been, a director or officer of any other issuer that, while such person was acting in that capacity: (i) was the subject of a cease trade or similar order, or an order that denied the other issuer access to any exemptions under Canadian securities legislation, for a period of more than 30 consecutive days; (ii) was subject to an event that resulted in such an order after the person ceased to be a director or officer; (iii) became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver-manager or trustee appointed to hold its assets; or (iv) was subject to such bankruptcy proceedings within a year of that person ceasing to act in that capacity.

Mr. John Craig was a director of Sirocco Mining Inc. ("Sirocco") until November 8, 2013. On October 13, 2014, RB Energy Inc. ("RB Energy"), a successor company to Sirocco, filed for protection under the Companies' Creditors Arrangement Act ("CCAA"). Although John Craig was never a director, officer or insider of RB Energy, he was a director of Sirocco within the 12 month period prior to RB Energy filing under the CCAA.

PERSONAL BANKRUPTCIES

During the ten years preceding the date of this Circular, no director, officer or shareholder holding a sufficient number of shares of the Corporation to affect materially the control of the Corporation, or a personal holding company of any such person, has become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or was subject to or instituted any proceeding, arrangement or compromise with creditors or had a receiver, receiver-manager or trustee appointed to hold his or her assets.

PENALTIES OR SANCTIONS

Other than as disclosed below, no director or officer of the Corporation, or shareholder holding a sufficient number of shares of the Corporation to materially affect control of the Corporation, has been the subject of any penalties or sanctions imposed by a court relating to Canadian securities legislation or by a Canadian securities regulatory authority or has entered into a settlement agreement with a Canadian securities regulatory authority, or been subject to any other penalties or sanctions imposed by a court or regulatory body that would be likely to be considered important to a reasonable shareholder in deciding whether to vote for a proposed director.

Prior to the appointment of new management and board of directors, which included Mr. Gary Guidry, Caracal Energy Inc. ("Caracal") (formerly "Griffiths Energy International Inc.") ("GEI") entered into consulting agreements (the "Agreements") with two entities owned and controlled by a foreign public official and his spouse during the period between August 30, 2009 and February 9, 2011. In addition, the spouse of the foreign public official was allowed to purchase founders shares at the same time and price as the original founders of GEI.

The discovery of the Agreements and the purchase of shares were immediately reported to the board of directors of Caracal by the new management, and a Special Committee of the board of directors was formed. The Special Committee retained outside counsel along with a forensic investigative accounting firm. Caracal self-disclosed the initial findings to Canadian and U.S. authorities (the "Authorities") and agreed to conduct a thorough internal investigation as well as committed to keep the Authorities informed as the investigation progressed. After an eight-month internal investigation costing the Company approximately CAD\$5 million, all of the findings were disclosed to the Authorities. GEI was the first Canadian resource company to self-disclose to the Authorities.

As a result of the findings of the internal investigation into the Agreements entered into by the former management and board of directors of GEI and subsequent investigation conducted by the Royal Canadian Mounted Police, on January 22, 2013, GEI agreed to plead guilty to one count of bribing a foreign public official to induce the official to use his position to influence any acts or decisions of the foreign state for which the official performs duties or functions, contrary to Section 3(1)(b) of Canada's Corruption of Foreign Public Officials Act. At sentencing on January 25, 2013, GEI paid, pursuant to an agreed statement of facts and a plea agreement with the Crown, a fine of CAD\$ 10.35 million. The U.S. Authorities agreed with the plea and fine, and declined any further action.

As acknowledged by Canadian law enforcement authorities, and the agreed statement of facts filed in the Court of Queen's Bench between her Majesty the Queen and GEI, on January 22, 2013, there is no evidence that any influence or advantage was actually obtained as a result of providing the benefits to the foreign official or his spouse.

The foregoing information, not being within the knowledge of the Corporation, has been furnished by the respective directors, officers and any control shareholder of the Corporation individually.

ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY ON PAY)

Africa Oil undertook a comprehensive review of the Company's compensation and related governance practices in late 2015, with support from our independent compensation consultant, Hugessen Consulting. This review helped inform a significant redesign of our executive compensation and director compensation programs, the details of which are found in the "Compensation Discussion & Analysis" section of this document beginning on page 34.

Currently, the Corporation is not proposing any modifications to our executive and director compensation programs.

In order to enhance our dialogue with shareholders with respect to our compensation programs, the Board voted to voluntarily hold an advisory vote on executive compensation on an annual basis. At the 2016 annual meeting, the Corporation's first advisory vote on executive compensation ("Say On Pay") was passed by shareholders, and the long term incentive plan was approved. We hope our shareholders will carefully review the details of our compensation program to understand how these programs are aligned with our pay-for-performance philosophy, and continue to support the Corporation by once again passing the Say On Pay vote

Accordingly, at the Meeting shareholders will be asked to consider and vote on the following advisory resolution:

"BE IT RESOLVED, on an advisory basis only and not to diminish the role and responsibilities of the Corporation's Board of Directors, that the shareholders of the Corporation accept the approach to executive compensation disclosed in the management information circular of the Corporation dated March 10, 2017 delivered in advance of the 2017 Annual General Meeting of Shareholders of the Corporation."

As this is an advisory vote, the results will not be binding upon the Board. However, the Board will carefully review the outcome of the vote as part of its ongoing review of executive compensation.

The Board unanimously recommends that the shareholders vote FOR the advisory vote on executive compensation and unless instructed otherwise, the persons named in the enclosed form of proxy will vote FOR the advisory vote on executive compensation.

CORPORATE GOVERNANCE

The Corporation is committed to effective corporate governance and the Board believes that strong corporate governance improves the Corporation's performance and investor confidence. The following describes the Corporation's current corporate governance practices. The Corporation continually reviews its corporate governance practices, as well as ongoing developments in corporate governance best practices in Canada and elsewhere, in order to determine if additional steps are required to improve its corporate governance practices in light of its stage of development and evolving best practices and regulatory guidance.

MANDATE OF THE BOARD OF DIRECTORS

The Board has a formal mandate (See Appendix A) that lists specific responsibilities, including:

- Approve the strategic direction of the Corporation;
- Identify principal risks of the Corporation's business and ensure implementation of appropriate risk management systems;
- Ensure the Corporation has management of the highest caliber; and
- Oversee the Corporation's methods of communication with its shareholders and the public generally.

In addition, the Board holds face-to-face, in person, strategy sessions at least once per year. The Board discharges its responsibilities either directly or through its committees.

ROLES OF CHAIRMAN OF THE BOARD AND CHIEF EXECUTIVE OFFICER

The Chairman of the Board, Mr. John H. Craig, is responsible for the Board administration with the support and assistance of the CEO and other senior management at Africa Oil. These responsibilities include, but are not limited to, presiding as Chairman of all meetings of the Board, setting the meeting agenda, and ensuring the Board is organized properly and meets its obligations and responsibilities. The Chairman is also responsible for ensuring the Board has a strategic focus and represents the best interests of the Corporation, acting as the liaison between the Board and the CEO as well as other members of management when required, and ensuring the Board is operating effectively. The Chairman represents Africa Oil, at the request of the CEO, to shareholders and external stakeholders and acts as the primary spokesperson for the Board. The Chairman maintains regular communication with the CEO and Corporate Secretary of the Corporation. The Chairman and the CEO work together to ensure that all matters of importance are brought to the Board's attention in a timely manner to allow for fulsome discussions of critical issues.

The CEO, Mr. Keith C. Hill, is responsible for directly overseeing the day to day operations of Africa Oil. The CEO is the leader of an effective and cohesive management team and sets the tone for management by exemplifying values of performance in enhancing shareholder value and advancing the direction of Africa Oil; consistently forwarding the Corporation's vision and strategy; and bearing the chief responsibility to ensure Africa Oil meets its short-term operational and long-term strategic goals. The CEO works with, and is accountable to, the Board with due regard to the Board's requirement to be informed and to remain independent.

The Board has not developed written position descriptions for the Chairman, the CEO, or for the Chairman of each Board committee.

INDEPENDENCE

The Board is currently comprised of five directors: Messrs. Keith C. Hill, John H. Craig, Gary S. Guidry, Bryan M. Benitz and Andrew D. Bartlett. The majority of Africa Oil's current directors and its director nominees are independent for the purposes of Board membership. Mr. Keith Hill is not considered independent as a result of his role as President & Chief Executive Officer of the Corporation.

The Board has functioned, and is of the view that it can continue to function, independently of management, as required. The Board and its committees meet independent of management where needed, but do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. At each meeting of the Board, Audit or Compensation Committee, a determination is made as to whether an in-camera session, without management present, is required. In addition to the standing committees of the Board, independent committees may be appointed from time to time, when appropriate.

INTERLOCKS

An "interlock" refers to two or more of the Corporation's directors who sit together on the board of directors of another reporting issuer. The Corporation's directors have the following interlocks:

- Messrs. Hill and Guidry are each directors of ShaMaran Petroleum Corp.
- Messrs. Hill and Craig are each directors of BlackPearl Resources Inc.

The Board has determined that, in its judgment, the interlocks do not adversely impact the independence of these directors or the ability of these directors to act in the best interests of the Corporation because, among other things, the Corporation is focused on the exploration and development of assets in regions in which each of ShaMaran Petroleum Corp. and BlackPearl Resources Inc. do not operate.

ORIENTATION AND CONTINUING EDUCATION

The measures that the Board takes in connection with orienting new board members regarding the role of the Board, its directors, the committees of the Board and the nature and operation of the Corporation's business include providing each new member with information concerning the role and responsibilities of a public company director and discussing with new members the Corporation's operations. New directors are also provided the opportunity to meet with management of the Corporation. As each director has a different set of skills and professional background, the Board seeks to tailor the orientation of new members according to the particular needs and experience of each new director.

The Corporation encourages continued education for its directors. The Board ensures that all directors are kept apprised of changes in the Corporation's operations and business and changes in the regulatory environment and governance trends. The Corporation arranges for legal counsel and industry experts to provide status updates and education. Board members may also attend external education seminars, at the Corporation's expense, that they determine necessary to keep themselves up-to-date with current issues relevant to their services as directors of the Corporation.

BOARD COMMITTEES

COMPENSATION

The Compensation Committee consists of three directors, namely, Messrs. John Craig (Chair), Bryan Benitz and Andrew Bartlett, all of whom are independent as that term is defined in NI 52-110. All members of the Compensation Committee have direct experience which is relevant to their responsibilities as Compensation Committee members. All members are or have held senior executive or director roles within the public company sector and have a good financial understanding which allows them to assess the costs versus benefits of compensation plans. The members' combined experience in the resource sector provides them with the understanding of the Corporation's success factors and risks, which is very important when determining metrics for measuring success.

The Compensation Committee's mandate includes reviewing and making recommendations to the Board in respect of compensation matters relating to the Corporation's executives which are identified in the "Summary Compensation Table" below. The Compensation Committee is responsible for:

- evaluating the CEO's performance and establishing executive and senior officer compensation;
- administering the Corporation's policy on remuneration;
- preparing the Board for decisions on matters relating to the principles of remuneration, and other terms of employment of the executive management;
- monitoring and evaluating programs for variable remuneration for the executive management and the current remuneration structures and levels within the Corporation, including the extent and level of participation in incentive programs, in conjunction with the Board; and
- delivering an annual statement on executive compensation.

The Compensation Committee has also been mandated to review the adequacy and form of annual compensation for non-executive directors to ensure that such compensation realistically reflects the responsibilities and risks involved in being an effective director. The Compensation Committee meets at least once annually.

AUDIT

The Corporation's Audit Committee is comprised of three directors, namely Messrs. Andrew Bartlett (Chair), Gary Guidry and Brian Benitz. Each member of the Audit Committee is independent of the Board and financially literate, as those terms are defined in NI 52-110 and has the requisite education and experience for the performance of his duties as a member of the Corporation's Audit Committee.

The Audit Committee oversees the accounting and financial reporting processes of the Company and its subsidiaries and all audits and external reviews of the financial statements of the Company on behalf of the Board, and has general responsibility for oversight of internal controls, accounting and auditing activities of the Company and its subsidiaries. All auditing services and non-audit services to be provided to the Company by the Company's auditors are pre-approved by the Audit Committee.

The Committee is responsible for examining all financial information, including annual and quarterly financial statements, prepared for securities commissions and similar regulatory bodies prior to filing or delivery of the same. The Audit Committee also oversees the annual audit process, quarterly review engagements, the Company's internal accounting controls, the Code of Business Conduct and Ethics, any complaints and concerns regarding accounting, internal controls or auditing matters and the resolution of issues identified by the Company's external auditors. The Audit Committee recommends to the Board the firm of independent auditors to be nominated for appointment by the shareholders and the compensation of the auditors. The Audit Committee meets a minimum of four times per year.

As required by National Instrument 52-110, information about the Corporation's Audit Committee is provided in the Corporation's most recent Annual Information Form ("AIF") under "Audit Committee". The AIF may be obtained from the Corporation's disclosure documents available on the SEDAR website at www.sedar.com.

CORPORATE GOVERNANCE AND NOMINATING

The Board's Corporate Governance and Nominating committee is comprised of Gary Guidry (Chair), John Craig and Andrew Bartlett, each of whom is independent as that term is defined in National Instrument 52-110.

The Corporate Governance and Nominating Committee is responsible for developing and monitoring the Corporation's approach to corporate governance issues. The Committee oversees the effective functioning of the Board, oversees the relationship between the Board and management, and has the responsibility to take initiatives to ensure that the Board can function independently of management, including, without limitation, recommending to the Board mechanisms, including the appointment of a committee of directors independent of management, to allow directors who are independent of management an opportunity to discuss the Corporation's affairs in the absence of management

The roles and responsibilities of the Corporate Governance and Nominating Committee include the following:

- identify, review the qualifications of, and recommend to the Board possible nominees for the Board;
- assess directors on an ongoing basis and oversee the effective functioning of the Board, including the orientation and education of new recruits to the Board;
- assess the Board's committee structure on an ongoing basis and recommend changes where appropriate;
- oversee the relationship between management and the Board and recommend improvements to such relationship;
- review the size and composition of the Board and committee structure;
- review the appropriateness of the terms of the mandate and responsibilities of the Board and the charters, mandates and responsibilities of each of the committees; and
- undertake such other initiatives as are needed to assist the Board in providing efficient and effective corporate governance for the benefit of shareholders.

The Corporate Governance and Nominating Committee of the Board may engage an outside consultant to assist in identifying qualified candidates for the Board. The nominees for directors are initially considered and recommended by the Corporate Governance and Nominating Committee of the Board, approved by the entire Board and appointed by the Corporation or shareholders, as required.

The Corporate Governance and Nominating Committee meet at least once annually.

RESERVES

The Corporation has a standing Reserves Committee that is comprised of a majority of independent directors; namely, Messrs. Gary Guidry (Chairman), Keith Hill, and Andrew Bartlett. The Reserves Committee is responsible for developing the Corporation's approach to the reporting of oil and gas resources and/or reserves and the valuation of those resources/reserves. The Reserves Committee meets at least once annually.

PROJECT FINANCE

In October 2016, the Board formed a special committee, the "Project Finance Committee" that is comprised of a majority of independent directors; namely, Messrs. Andrew Bartlett (Chairman) and Gary Guidry. The Corporation's Chief Financial Officer, Mr. Ian Gibbs, is also a member of this committee. The Project Finance Committee is responsible for overseeing the process of project financing for the Corporation's project in Kenya (the "Project Financing"), and for receiving, reviewing, assessing and making recommendations to the Board regarding the proposals received for the Project Financing. The Project Finance Committee meets at least once annually.

NOMINATION OF DIRECTORS

The Corporate Governance and Nominating Committee is responsible for identifying individuals qualified to become new Board members and recommending to the Board the director nominees for each annual meeting of shareholders. With the assistance of the Board and where necessary, the Corporate Governance and Nominating Committee also develops an orientation and education program for new recruits to the Board. In identifying possible nominees to the Board, the Corporate Governance and Nominating Committee considers the competencies and skills necessary for the Board as a whole, the skills of existing directors and the competencies and skills each new nominee will bring to the Board, as well as whether or not each nominee will devote sufficient time and resources to the Board. The Corporate Governance and Nominating Committee also annually reviews and makes recommendations to the Board with respect to: (i) the size and composition of the Board; (ii) the appropriateness of the committees of the Board; and (iii) the effectiveness and contribution of the Board, its committees and individual directors, having reference to their respective mandates, charters and position descriptions.

COMMITTEE POSITION DESCRIPTIONS

The Audit Committee, Compensation Committee, Corporate Governance and Nominating Committee, Reserves Committee, and the Project Finance Committee each have a written charter which governs the conduct of such Committee. The Board has not developed written position descriptions for the Chairman of the standing Board committees. The role of each Board committee chair is well understood by each individual and is based on customary practices for such a position.

ASSESSMENTS

The Corporate Governance and Nominating Committee oversees a process to self-assess Board effectiveness. This assessment questions members as to their level of satisfaction with the functioning of the Board, its interaction with management and the performance of the standing committees of the Board. Board members conduct peer reviews and a self-assessment regarding their effectiveness as a Board member as part of this assessment process. To ensure the assessment process is candid, the individual assessments are returned on a confidential basis to the Chair of the Corporate Governance and Nominating Committee with a copy to the Corporate Secretary. The results are compiled for the Corporate Governance and Nominating Committee. The Committee reviews and discusses the results and makes recommendations to the Board regarding any action that may be deemed necessary or advisable to ensure the Board continues to function effectively and adequately perform its mandate. The Board aims for a 100% compliance rate for completion of the assessment by directors, which was achieved this year. The peer reviews and self-assessments by Directors are considered as part of the director nomination process. Following the assessment process held in Q4 of 2016, the directors concluded that the Board and the Board Committees function very effectively.

EXPERIENCE AND BACKGROUND OF DIRECTORS

ETHICAL BUSINESS CONDUCT

The Corporation is committed to conducting its business in compliance with the law and the highest ethical standards. Accordingly, the Corporation has adopted a written Code of Business Conduct and Ethics (the “Code”) applicable to all directors, officers and employees of the Corporation. Directors, officers or employees who have concerns or questions about violations of laws, rules or regulations, or of the Code, are required to report them to the Corporation’s external legal counsel. Following the receipt of any complaints submitted hereunder, the Corporation’s legal counsel will investigate each matter so reported and report to the Board which will take corrective disciplinary actions, if appropriate, up to and including termination of employment of those violating laws, rules, regulations or the Code.

The Board oversees compliance with the Code through the Audit Committee, which monitors compliance with the Code. It is the responsibility of all directors, officers, and employees to report promptly any suspected violation of the Code to the Corporation’s legal counsel. The Corporation has also established an Internal Employee Alert Policy (“Whistleblower”) to encourage employees, officers and directors to raise concerns regarding accounting, internal controls or auditing matters, on a confidential basis free from discrimination, retaliation or harassment. The Corporation does not tolerate any retaliation for reports or complaints regarding suspected violations of the Code that were made in good faith. There has been no departure from the Code during the Corporation’s most recently completed financial year.

All directors, officers and employees have an obligation to act in the best interest of the Corporation. Any situation that presents an actual or potential conflict between a director, officer or employee’s personal interests and the interests of the Corporation are to be reported to the Corporation’s legal counsel.

The Code is available under the Corporation’s profile on SEDAR at www.sedar.com and on the Company’s website at www.africaoilcorp.com.

DIRECTORS’ AND OFFICERS’ LIABILITY INSURANCE

The Corporation maintains insurance for the benefit of its directors and officers and the directors and officers of its subsidiaries, as a group, in respect of the performance by them of the duties of their offices. The total amount of insurance coverage available is up to \$50,000,000, depending on the type of claim, with a deductible of up to \$75,000, depending on the type of claim, for each claim for which the Corporation grants indemnification. The Corporation bears the entire cost of the premiums payable pursuant to this coverage.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

None of the directors or executive officers of the Corporation, proposed nominees for directors, or associates or affiliates of said persons, has been indebted to the Corporation at any time since the beginning of the last completed financial year of the Corporation.

DIRECTOR TENURE

The Corporation does not currently have a policy for director term limits. The Board believes that it is critical that all directors have a comprehensive understanding of the Corporation’s business, and that such an understanding is achieved through and enhanced by length of tenure. While new directors may bring fresh perspectives and new experience, directors who have served for several years accumulate valuable knowledge regarding the Corporation’s business, including industry trends and cycles, market conditions and geo-political influences.

DIVERSITY

The Corporation's Board supports the objectives of increasing diversity on boards of directors and at the executive levels of issuers, and recognizes that diversity provides a depth and breadth of viewpoints and perspectives.

While the Board and Corporate Governance and Nominating Committee have not adopted any formal policies, quotas or targets specifically addressing the level of representation of women on its board or in executive officer positions, it is committed to advancing women, and other individuals representing a diversity of backgrounds, into leadership roles through its talent management, learning development, and succession planning processes.

The Board, when considering candidates for both the board and executive officer appointments, considers skills, knowledge, experience, business requirements, individual character, and actively seeks out women having the necessary skills, knowledge and experience to evaluate as potential candidates. The ultimate decision by the Board and management to recommend a candidate for appointment will be made based on merit, experience, and the contributions that the candidate can bring to the position. A formal written diversity policy has not been adopted.

By continuing to foster opportunities for development and promotion at all levels, the Corporation's objectives of diversity are continually being pursued. Other than the Corporate Secretary, the Corporation does not currently have any women on the Board or in executive officer positions.

DIRECTOR COMPENSATION

CHANGES TO DIRECTORS' COMPENSATION FOR 2016

In 2015, Africa Oil became aware of concerns from our shareholders and their proxy advisors regarding our non-executive director ("NE Director") compensation practices. In response to these concerns, and as part of our broader commitment to enhance our governance practices consistent with the growth and development of Africa Oil, the Compensation Committee ("Committee") undertook a review of NE Director compensation practices during the second half of 2015. We reviewed our pay philosophy, including target pay levels, the mix of cash and equity retainers, and use of equity vehicles, relative to the newly established pay comparator group (for more details, see page 35). The Committee considered the responsibilities and expectations of NE Directors, non-executive director pay practices of our closest peers, and current market trends in directors' compensation. Our review resulted in a number of changes to our NE Director compensation practices, notably to materially decrease disclosed NE Director pay levels, increase the portion of the NE Director retainer paid in cash, and replace options with restricted share units, granted under the Corporation's Long-Term Incentive Plan. These Board-approved changes were effective January 1, 2016 and have not been modified.

ANNUAL RETAINER

When considering pay levels, the Committee considers the all Canadian pay peer group, comprised of Canadian corporations with international operations. Acknowledging the Board's additional responsibility and liability for overseeing Africa Oil's international operations and global shareholder base, the Committee believes the midpoint between median and 75th percentile to be an appropriate target pay position. The Committee determined that a flat fee structure continues to be appropriate given the size and makeup of our Board. As such, no meeting fees are paid to directors. Each director is entitled to an annual retainer as follows:

Component	Director Compensation
Cash Retainer	CAD\$60,000
Equity Retainer (RSUs)	CAD\$120,000

John Craig, as Board Chairman, is entitled to an additional annual retainer to reflect his added level of responsibility:

Component	Board Chairman Additional Retainer
Cash Retainer	CAD\$20,000
Equity Retainer (RSUs)	CAD\$30,000

LONG-TERM INCENTIVE PLAN

Until 2016, NE Directors received their equity retainer in the form of stock options. As part of the director compensation review, the Committee evaluated alternative equity-based compensation vehicles for NE Directors to improve alignment with the Corporation's shareholders. At the 2016 Annual General and Special Meeting, shareholders approved a Long-Term Incentive Plan ("LTIP") to replace the use of stock options.

Under the LTIP, RSUs track the value of our common shares. RSUs granted to NE Directors vest on the third anniversary of the date of grant, at which time they are settled in shares, with the number of shares to be issued being equal to the number of RSUs vested plus any dividends paid.

COMMITTEE FEES

Directors serving on a Board Committee are entitled to an additional cash retainer, depending on whether they serve as a Committee Chairman or as a member as per below:

Committee	Chairman Retainer	Member Retainer
Audit Committee	CAD\$10,000	CAD\$5,000
Compensation Committee	CAD\$7,500	CAD\$5,000
Corporate Governance & Nominating Committee	CAD\$7,500	CAD\$5,000
Reserves Committee	CAD\$7,500	CAD\$5,000
Project Finance Committee	CAD\$10,000	CAD\$5,000

EXPECTED FEES FOR DIRECTORS

In the table below, we outline the total annual compensation for our NE Directors, based on the compensation program approved by the Board.

Name	Cash Retainer (CAD\$)	Committee Chairman / Member Fees (CAD\$)	Total Cash Retainer (CAD\$)	Equity Retainer (CAD\$)	Total (CAD\$)
John H. Craig	\$80,000	\$12,500	\$92,500	\$150,000	\$242,500
Gary S. Guidry	\$60,000	\$25,000	\$85,000	\$120,000	\$205,000
Bryan M. Benitz	\$60,000	\$10,000	\$70,000	\$120,000	\$190,000
Andrew Bartlett	\$60,000	\$35,000	\$95,000	\$120,000	\$215,000

2016 DIRECTOR COMPENSATION PROGRAM

CASH AND EQUITY RETAINER

Prior to the review and redesign of director compensation practices in 2016, directors at Africa Oil received an annual cash retainer and grant of stock options in recognition of their service on the Board.

Since January 2016, no further option awards will be granted to NE Directors of Africa Oil. We believe that, given the NE Director's role of corporate oversight at Africa Oil, granting RSUs in accordance with the LTIP is better suited to building long-term ownership at the NE Director level.

DIRECTOR SHARE OWNERSHIP GUIDELINES & COMPLIANCE

During 2016, the Board approved the introduction of share ownership guidelines for NE directors in order to better align NE Director interests with shareholders. NE Directors are required to own shares having a value equal to three times their annual cash retainer within five years following the later of their date of initial election, or implementation of these guidelines. The value of the shares owned or purchased for the purpose of these calculations is taken as the value at the grant or purchase date, or the current market value of the shares, whichever is greater. The following table compares each NE Director's common share as at December 31, 2016, relative to their ownership guideline:

Individual	Minimum Share Ownership (3x cash retainer) (CAD\$)	Number of Shares Owned at December 31, 2016 (#) ⁽¹⁾	Value of Ownership on December 31, 2016 ⁽²⁾ (CAD\$)	Meets Guidelines ⁽³⁾

STATEMENT OF EXECUTIVE COMPENSATION

LETTER TO SHAREHOLDERS

Fellow Shareholders:

We are pleased to provide you the following Compensation Disclosure and Analysis which will assist you in understanding the Corporation's compensation philosophy and practices. The Compensation Committee of Africa Oil believes in providing transparent disclosure to help our shareholders understand the compensation paid to our executives, and the rationale behind our decisions.

2016 Performance

Challenges facing the oil industry continued throughout 2016 as a result of continued low oil prices. Brent oil prices were volatile, generally fluctuating between \$25 and \$50 per barrel, resulting in considerable financial challenges as oil markets remained in an over-supply position. Despite the market conditions and challenging economic times, the Company and senior management team achieved the following key accomplishments during 2016:

- Addressed long term financing requirements by completing a major farm-out transaction (previously announced on 9th November 2015) with Maersk Olie og Gas A/S. Proceeds of \$439.4 million were received on closing. Deal terms include the potential for a development carry of up to \$480 million depending on meeting certain thresholds of resource growth and timing of first oil from the South Lokichar development project in Kenya;
- Announced details of an updated independent assessment of the Company's contingent resources in the South Lokichar Basin in Blocks 10BB and 13T (Kenya). The estimated gross 2C unrisks resources in the South Lokichar Basin, Kenya increased by 150 million barrels (or 24%) since they were previously assessed during 2014 to 766 million barrels of oil (Development Pending: 754 million barrels and Development Unclarified: 12 million barrels);
- Reached agreement with joint venture partners to recommence drilling activities in the discovered South Lokichar Basin (Kenya), where a four-firm well exploration and appraisal drilling program has commenced, with contingency to drill an additional four wells. The first exploration well in this program, Erut-1, resulted in an additional oil discovery, successfully demonstrating that oil has migrated to the northern limit of the South Lokichar Basin and has de-risked multiple prospects in this area which will now be considered as part of the future exploration and appraisal drilling program;
- Proactively managed commitments under production sharing contracts, including receiving a three-year extension to the current exploration period on the Block 10BB and 13T licenses;
- In response to the April 2016 decision of the Governments of Uganda and Kenya to pursue separate export pipelines for the export of oil resources in their respective countries, the Joint Venture Partners in the South Lokichar Basin signed a Memorandum of Understanding with the Government of Kenya which confirms the intent of the parties to jointly progress the development of a Kenya crude oil pipeline from South Lokichar to the port of Lamu on the Kenyan Coast. A pipeline Joint Development Agreement was advanced during the year and is currently in the final stages of negotiation and sets out a structure for the Government of Kenya and the South Lokichar Joint Venture Partners to progress the development of the export pipeline. This agreement will ultimately enable important studies to commence such as FEED, ESIA, as well as studies on pipeline financing and ownership.

While the Company's South Lokichar development project is expected to fall on the lower end of the cost curve, industry wide conditions resulted in the Company reducing its drilling operations and deferring certain appraisal and development activities. As a result, sanction for the South Lokichar development is now anticipated to occur in 2018.

Reduced drilling activity lead to a limited number of wells being drilled in 2016. Early in 2016, the Company completed drilling the Cheptuket-1 exploration well. While shows were encouraging in the well, upon further technical and commercial review, the Company elected to withdraw from the block during the first quarter of 2017. In addition, the Company and its joint venture partners have elected to relinquish the South Omo exploration Block in Ethiopia. To date, the Company and its joint venture partners continue to explore for a new basin opening well in East Africa, outside of the South Lokichar Basin.

In recognition of these accomplishments and challenges, the NEOs were awarded short term incentive payouts ranging from 60% to 83% of the target payout. While there were considerable accomplishments achieved during the year, development project delay and exploration results did not justify awarding above target short term incentive payouts.

Compensation Philosophy

Africa Oil's compensation peer comparator group consists of similarly-sized Canadian corporations with international operations. The Committee targets pay position for total direct compensation at the 75th percentile of Canadian peers, which is estimated to be median when the pay levels of the UK referenced group peers are considered. In the Committee's view, this pay position recognizes the actual pool for executive talent which includes US and UK based executives whose compensation levels generally exceed Canadian market practices.

For 2016, NEO's base pay remained unchanged from the base pay approved by the Compensation Committee in late 2015, in line with the compensation peer comparator group. The Committee also approved short-term and long-term incentive targets based on peer group pay practices – a portion of these incentives are in place to ensure retention of key executives, with a majority of any potential payout dependent on achievement of specific and measureable operational, financial and strategic metrics. As a result, the vast majority of compensation for the NEOs is variable and at risk, dependent on corporate performance and shareholder value creation.

The financial effects and alignment to shareholder experience of the Company's new long term incentive program are evident in the Company's income statement with a \$4.8 million reduction (58%) recorded in equity-based compensation expense during 2016, in comparison to 2015.

The Compensation Committee is committed to aligning executive compensation to corporate performance and strategy while mitigating compensation risk. We are confident that Africa Oil Corp.'s revised director and executive compensation programs will enable the company to attract, motivate and retain top talent while aligning with the interests of shareholders. We will continue to monitor evolving practices and programs.

Considerable enhancements were made to our governance and pay practices in advance of the 2016 AGM which resulted in Shareholder approval of both the Company's new Long Term Incentive Plan and the Company's first Advisory Vote On Executive Compensation (Say On Pay). These actions were highlighted in our 2016 Letter to Shareholders and continue to be followed to enhance our governance and pay practices so that we remain leaders amongst our peers.

On behalf of the Board and the Compensation Committee, we thank you for taking the time to read our disclosure, comments and questions are welcome and can be submitted to: board@africaoilcorp.com .

COMPENSATION DISCUSSION AND ANALYSIS

INTRODUCTION

In the following section, Africa Oil details the 2016 compensation program for the Corporation's Named Executive Officers ("NEOs"). In 2016, NEOs of Africa Oil were:

1. Keith Hill, President & Chief Executive Officer
2. Ian Gibbs, Chief Financial Officer
3. Tim Thomas, Chief Operating Officer
4. Dr. Paul Martinez, Vice President Exploration
5. Alex Budden, Vice President External Relations

CURRENCY OF COMPENSATION

In recognition of our cross-border talent pool and significant international operations, the Committee may grant NEO compensation in non-Canadian dollar currencies. Mr. Keith Hill was awarded cash compensation in US dollars, and Mr. Alex Budden was awarded cash compensation in British Pounds.

Target compensation levels for Messrs. Hill and Budden, as well as Dr. Martinez, are determined using the Canadian peer group data as per our established pay philosophy, and converted to the equivalent value in US dollars/Pounds to limit our executive's exposure to currency fluctuations.

COMPENSATION PHILOSOPHY / EXECUTIVE COMPENSATION PRINCIPLES

The Corporation's compensation structure is designed to attract highly qualified and motivated individuals, reward performance, and to be competitive with the compensation arrangements of other resource companies of similar size and scope of operations. The Committee considers a variety of factors when determining both compensation programs and individual compensation levels. These factors include the long-term interests of the Corporation and its shareholders, overall financial and operating performance of the Corporation, individual performance and contribution towards meeting corporate objectives, responsibilities, and compensation practices of industry competitors.

CHANGES TO EXECUTIVE AND DIRECTOR COMPENSATION PROGRAM FOR 2016

In response to feedback to shareholders and our recognition of evolving market practices, in 2015 the Compensation Committee approved a number of changes to Africa Oil's executive compensation programs for implementation in 2016 to enhance the alignment with the interests of shareholders and market best practices. This included a review of executive officer pay levels relative to a revised pay comparator group, an update of the metrics within the short term incentive program ("STIP") to better align with the Corporation's operational objectives and strategic priorities, and the introduction of a restricted share unit and performance share unit plan to fully replace the use of options for senior executives. Another area of focus for the Committee was to improve the level of transparency, detail and readability of our compensation disclosure.

Considerable enhancements were made to our governance and pay practices in advance of the 2016 AGM which resulted in Shareholder approval of the Company’s new Long Term Incentive Plan and the Company’s first Advisory Vote On Executive Compensation (Say On Pay) being passed. The following actions were highlighted in our 2016 Letter to Shareholders and continue to be followed to enhance our governance and pay practices so that we remain leaders amongst our peers:

- Board composition separating the roles of Board Chairman and CEO
- Following a structured approach to executive compensation while retaining Committee judgement over the outcomes
- Utilizing a performance share unit program to ensure the alignment between pay and performance for the NEOs
- Ceasing to issue stock options to NEOs
- Following a revised director compensation program, eliminating the use of stock options for directors
- Continued engagement with an independent consulting firm, Hugessen Consulting Inc. (“Hugessen”), to provide independent insight to the Committee
- Following compensation governance practices such as including stock ownership guidelines, clawback policy, and an advisory Say On Pay vote
- Continued plain language disclosure of corporate performance targets, results, and short term incentive payouts

PAY COMPARATOR GROUP

Late in 2015, the Compensation Committee, with support from our independent compensation consultant, Hugessen, developed a pay comparator group to provide competitive market context to support pay level and pay mix decision-making, and to provide context regarding compensation design practices. The comparator group was developed based on the following criteria:

- Oil & gas exploration and production companies
- Companies with international operations (however, to ensure an adequately-sized comparator group, similar-sized domestic companies are also included)
- Market capitalization: between approximately 1/3x – 3x that of Africa Oil as at October 1, 2015
- Geography: Canadian headquartered

2016 Canadian Comparator Group

Bankers Petroleum Ltd. ⁽¹⁾	Mart Resources Inc. ⁽¹⁾	Raging River Exploration Inc.
Canacol Energy Ltd.	NuVista Energy Ltd.	Surge Energy Inc.
Crew Energy Ltd.	Oando Energy Resources Inc. ⁽¹⁾	TORC Oil & Gas Ltd.
Gran Tierra Energy Ltd.	Parex Resources Inc.	TransGlobe Energy Corporation

⁽¹⁾ These companies have ceased reporting, and will not be used for benchmarking or included in any future pay comparator groups.

In addition to referencing the Canadian peer group, the Committee also considered pay levels and practices of UK-based international exploration and production companies. The Committee believes that the UK remains an important source of executive talent for Africa Oil; particularly considering the location of our assets, our partners and that our ownership includes a significant proportion of European-based shareholders. While we do not directly target pay levels based on UK peers, we reference UK pay practices alongside other factors such as executive experience, skills and education.

2016 UK Reference Group		
Ophir Energy Plc.	Seplat Petroleum Development Company Plc.	Premier Oil plc.
SOCO International plc.		Exillon Energy plc.

The Committee will regularly review the pay comparator group to ensure the constituents remain appropriate.

PAY POSITIONING

When setting pay levels for Africa Oil’s executive team, the Compensation Committee targets pay positioning including base salary, short-term incentive plan and long-term incentive plans at the 75th percentile relative to Canadian exploration and production companies with domestic and international assets. Having considered the pay levels of UK peers, the Committee estimates that this target pay position approximates the median overall. The Committee believes this pay position is most appropriate given:

- A significant portion of African-focused energy companies are based in the UK, resulting in the UK being an important source of talent for the Corporation. The Committee seeks to have a pay program which is competitive with both the Canadian and UK markets, acknowledging that total pay levels among Africa Oil’s UK reference group are significantly higher than pay levels of Canadian peers.
- Our Canadian peer group is comprised of both domestic and international energy companies. Given the increased complexity of managing international operations, the Committee believes pay levels above median are warranted relative to peers operating only in North America.

Notwithstanding UK pay levels, the Committee continues to award Canadian-style compensation arrangements that include lower base salaries and greater variable pay and pay at risk relative to UK peers.

ELEMENTS OF AFRICA OIL’S EXECUTIVE COMPENSATION PROGRAM

Africa Oil’s executive compensation program consists of three major components: i) base salary, ii) short-term incentive plan (“STIP”), and iii) long term incentive plan (“LTIP”). The value of perquisites received by each of the NEOs were not in aggregate equal to or greater than \$50,000 or 10% of the NEO’s total salary for the financial year. Africa Oil does not provide executives with a savings plan or pension plan.

PAY MIX

NEOs have the opportunity to receive compensation that is both fixed (guaranteed) and variable (at-risk). The majority of our NEOs' target compensation is variable, at-risk pay that is dependent upon performance relative to operational, financial, and strategic objectives approved by the Committee, as well as stock price. Over 50% of total direct compensation is delivered in the form of long-term incentives. Based on the revised compensation program introduced in 2016, the pay mix for our CEO and other NEOs is as follows:

Component	At Risk	Objectives	Time Frame	Description
Components Total Direct Compensation (TDC)				
Base Salary	No	Provide market competitive level of fixed compensation	Reviewed annually	<ul style="list-style-type: none"> • Only fixed component of TDC • Intended to remunerate the NEO for discharging job responsibilities • Individual NEO salary reflects level of responsibility, skills and experience
Short-Term Incentive Program ("STIP")	Yes	Acknowledge progress on strategic priorities and rewards for achievement of annual performance goals	One year	<ul style="list-style-type: none"> • Cash-based performance incentive • Payout based on combination of Board-approved financial, operational metrics, strategic objectives, and individual performance
LTIP - Restricted Share Units	Yes	Incentivize the creation of shareholder value	Three years	<ul style="list-style-type: none"> • Annual grants • 100% of RSUs granted to non-executive directors cliff vest 3 years after the date of grant; RSUs granted to all other participants vest over 3 years (1/3 on the first, second, and third anniversary of the date of grant)
LTIP - Performance Share Units	Yes	Reward for performance and incentivizes the creation of shareholder value and alignment to the long-term strategy	Three years	<ul style="list-style-type: none"> • Annual grants • 100% cliff vest 3 years after the date of grant (0-200% of units granted) based on Board-approved operational and strategic performance measures

CEO COMPENSATION

The Committee understands the importance of CEO compensation in setting the standard for compensation structure for the entire organization. Nearly 80% of our CEO's total target direct compensation is "at risk".

The table below summarizes 2016 target pay levels for Keith Hill.

Year	Base	Bonus		LTI		TDC
		% of Salary	\$	% of Salary	\$	
2016 Target	\$375,000	80%	\$300,000	300%	\$1,125,000	\$1,800,000

NEO COMPENSATION

Similar to CEO compensation, on average more than 70% of our NEO's total target compensation is "at-risk".

Below is a summary of 2016 target pay levels among AOI's named executive officers:

Executive	2016 Base \$	2016 Bonus Target		2016 LTI Target		2016 Target TDC \$
		% of Salary	\$	% of Salary	\$	
Ian Gibbs	CAD 375,000	80%	CAD 300,000	220%	CAD 825,000	CAD 1,500,000
Tim Thomas	CAD 350,000	60%	CAD 210,000	200%	CAD 700,000	CAD 1,260,000
Paul Martinez	CAD 350,000	50%	CAD 175,000	175%	CAD 612,500	CAD 1,137,500
Alex Budden	£175,000	50%	£87,500	175%	£306,250	£568,750

BASE SALARY

Base salaries are provided to executives to provide a fixed level of compensation. In determining base salary levels, the Committee references the 75th percentile of the Canadian comparator group. The base salary of each executive officer is determined by the Committee based on an assessment of his responsibilities and consideration of competitive compensation levels for the markets in which the Corporation operates. In making its recommendations to the Board, the Compensation Committee also considers the particular skills and experience of the individual. Historically, given the size and development phase of our Company, base salaries had little differentiation among our executive team. The Committee increased differentiation of base salaries for 2016 in recognition of the growth and maturity of the Corporation, with reference to relative pay levels among our compensation peers. In January 2017, Dr. Martinez began receiving his annual base salary in U.S. Dollars, to reflect his U.S. citizenship. This represents a 8.2% increase based on CAD equivalents when using the Bank of Canada noon rate of foreign exchange at December 31, 2016.

Executive	Position	2016 Base	2017 Base	% Change
Keith Hill	President & CEO	\$375,000	\$375,000	0%
Ian Gibbs	Chief Financial Officer	CAD\$375,000	CAD\$375,000	0%
Tim Thomas	Chief Operating Officer	CAD\$350,000	CAD\$350,000	0%
Paul Martinez	Vice President Exploration	CAD\$350,000	\$282,000 ⁽¹⁾	8.2% ⁽²⁾
Alex Budden	Vice President External Relations	£175,000	£175,000	0%

(1) As at January 1, 2017, Dr. Paul Martinez's salary is based in U.S. Dollars.

(2) Using the Bank of Canada noon rate of foreign exchange at December 31, 2016, this represents a 8.2% increase based on CAD equivalents.

A NEO's base salary is intended to remunerate the NEO for discharging job responsibilities and reflects the executive's performance over time. Individual salary adjustments take into account performance contributions in connection with their specific duties. The base salary of each executive officer is determined by the Compensation Committee based on an assessment of his sustained performance and consideration of competitive compensation levels for the markets in which the Corporation operates. In making its recommendations to the Board, the Compensation Committee also considers the particular skills and experience of the individual. The base salaries of executive officers are reviewed annually.

SHORT TERM INCENTIVE PLAN

As a part of our Board review of executive compensation practices, the Committee introduced a more structured bonus plan and corporate performance scorecard for executives in 2016. The Committee developed 2016 bonus targets based on peer group pay practices as well as each executive's role, responsibility and experience level. Our executives participate in Africa Oil's STIP, which is designed to reward short-term performance relative to key financial, strategic and operational goals with an annual cash bonus.

In early 2016, the Committee approved a new short-term corporate scorecard which was used to determine the final bonus payout for each NEO. As the key goals in the 2016 corporate scorecard required a collective effort from all NEOs, there was no formal individual performance component for each executive. Notwithstanding this, when approving final performance scores for each NEO, the Committee applied discretion to reflect the individual performance of each NEO during the year.

Actual performance bonus awards may range from 0%-200% of target levels depending on the corporate and each executive's individual performance evaluation. Accordingly, the entire STIP is considered "at risk". Performance evaluations for executives are submitted to the Board by the CEO for approval, with the exception of the CEO's performance, which is evaluated independently by the Committee. The Board reserves final judgment over all STIP payouts.

The Board believes that management's actions and leadership have positioned the Corporation to remain well-funded throughout the downturn and thrive upon the eventual oil price recovery. Despite difficult industry conditions and challenging economic times, the Company and senior management team achieved the following key accomplishments during 2016:

- Addressed long term financing requirements by completing a major farm-out transaction (previously announced on 9th November 2015) with Maersk Olie og Gas A/S. While shows were encouraging in the well, upon further technical and commercial review, the Company elected to withdraw from the block during the first quarter of 2017. In addition, the Company and its joint venture partners have elected to relinquish the South Omo exploration Block in Ethiopia. To date, the Company and its joint venture partners continue to explore for a new basin opening well in East Africa, outside of the South Lokichar Basin.

In recognition of these accomplishments and challenges, the NEOs were awarded short term incentive payouts ranging from 60% to 83% of the target payout. While there were considerable accomplishments achieved during the year, development project delay and exploration results did not justify awarding above target short term incentive payouts.

LONG TERM INCENTIVE PLAN

Executives are entitled to participate in Africa Oil's LTIP (See Appendix B), which is designed to promote the long-term motivation and retention of executives. Historically, Africa Oil's LTIP consisted solely of stock options, and we believe this structure was best suited for our Corporation during our earlier exploration stage. However, recognizing our growth and maturity in recent years, the Compensation Committee set out to evaluate alternative long-term incentive vehicles for our executives. As a result of the compensation review done in 2015, the Committee recommended, and the Board approved, a LTIP mix for our NEOs of 50% restricted share units ("RSUs") and 50% performance share units ("PSUs"). Options are no longer granted to NEOs. These changes better align our executives to our strategic goals and long-term shareholder return in the future.

Africa Oil no longer grants stock options to directors and NEOs but continue to do so for certain key employees below NEO level. As a result, the number of stock options outstanding during the year fell from 18.5 million (4% of issued and outstanding shares) to 14.7 million (3% of issued and outstanding). An additional 5.4 million stock options have expired out of the money following year end, bring the number of options as a percentage of issued and outstanding shares to approximately 2%. Beginning in 2016, independent directors of the Board receive an annual restricted share unit grant.

RESTRICTED SHARE UNITS AND PERFORMANCE SHARE UNITS

Africa Oil's long-term incentive plan was introduced in 2016 to provide executives with long-term retention and motivation. RSUs are a notional share instrument which tracks that value of common shares. RSUs granted to NE Directors cliff vest three years after the date of grant and RSUs granted to persons other than NE Directors vest over three years (1/3 on the first, second and third anniversary of the grant date). Upon payout, RSUs may be settled in cash or treasury shares.

Similar to RSUs, PSUs are notional share instruments which track the value of common shares. However PSUs are subject to additional performance conditions that serve to enhance the alignment of executives to key strategic, financial and operational milestones of the company. PSUs will cliff vest three years from the date of grant, at which point the Committee will assign a performance multiple ranging from 0x – 2x, based on actual results relative to the PSU performance scorecard (subject to Committee discretion). PSUs may be settled in cash or treasury shares.

The RSU and PSU plans form part of the Corporation's compensation risk mitigating strategy by providing a meaningful amount of total executive pay in variable compensation. These programs align the interests of the Corporation to those of shareholders by motivating executives to grow share price through execution of our business strategy. The staggered vesting and payout schedule of annual RSU and PSU grants also creates a significant retention mechanism for our executives.

PSU PERFORMANCE METRICS

When determining performance metrics for the 2016 PSU plan, the Committee evaluated a number of alternatives, including relative total shareholder return (“TSR”). The Committee decided that relative TSR would not be an effective measure of Africa Oil’s performance given the limited number of Canadian-based, international exploration and production companies that would be suitable as performance peers. The Committee instead developed a performance scorecard based on long-term strategic, financial and operational milestones suited to measure and reward long-term value creation and reflecting Africa Oil’s current stage of development.

The performance framework for 2016 PSU grants was developed by the CEO and reviewed and approved by the Compensation Committee. The metrics chosen were primarily focused on achieving key milestones required to continue progressing development of the South Lokichar Basin (Blocks 10BB and 13T in Kenya) through a final investment decision and towards first oil, including actions required to complete the Maersk farmout transaction and maximize the value realized from the contingent development carry terms. Broadly, metrics for the 2016 PSU plan reflect the following categories:

Component	Weighting	Description
Farmout Completion and Resource Confirmation	37%	Evaluation criteria aligned with completion of the Maersk farmout agreement and confirming resource quantities providing access to advance carry
Resource Growth	20%	Growth in contingent resources and reserves, increasing realized value from contingent carries
Operational & Development Milestones	33%	Key accomplishments needed to meet timeline to production, including pipelines, government approvals, and other development goals
Financial and First Oil Milestones	10%	Evaluation criteria related to South Lokichar planned first oil date, development project costs and related financing requirements

2016 LTIP GRANTS

Per the Corporation's updated pay philosophy, the Committee developed 2016 LTIP targets having considered peer group pay practices as well as each executive's role, responsibility and experience level. In 2016, Africa Oil granted our NEOs RSUs and PSUs in line with their target LTIP. These RSU and PSU grants served to both motivate the executive toward increasing share value and to enable the executive to share in the future success of the Corporation.

Executive	2016 Base	2016 LTIP

PERFORMANCE GRAPH

The following graph illustrates Africa Oil's five-year cumulative shareholder return, as measured by the closing price of the Common Shares at the end of each financial year, assuming an initial investment of C\$100 on December 31, 2011, compared with the S&P/TSX Composite Index, S&P TSX Capped Energy Index, and S&P/TSX Oil and Gas Exploration and Production Index, assuming the reinvestment of dividends where applicable.

Over the past five years, Africa Oil has matured as an organization, growing from a venture-listed speculative exploration company to a TSX-listed company pursuing a significant onshore oil development project in Kenya. The management team has focused and delivered upon its key strategic priorities, discovering a commercial volume of oil resources and securing sufficient levels of financing to fund investments needed to reach first oil.

The Compensation Committee and Board are committed to ensuring Africa Oil's executive compensation program is aligned with the growth and maturity of the Company, while also considering the experience of our shareholders. By providing a significant portion of our NEO pay in the form of equity-based compensation, the take home pay of our executives has been aligned with Africa Oil's share price performance. As of March 10, 2017, the majority of outstanding stock options had no realizable value (out of the money) due to the significant decline in the Company's share price, which the Board believes is largely a result of the significant decline in oil prices which began in late 2014.

Africa Oil revamped the NEO compensation program in 2016, transitioning from stock options to full-value shares, and adjusting pay levels and pay mix to better reflect a company of our current size. For full details of our revised compensation program, see the “Compensation Discussion and Analysis” section of this document starting at page 34.

- (1) Salaries for the NEOs are paid in Canadian dollars and converted to United States dollars for reporting purposes, except for Mr. Hill whose salary was denominated in USD and Mr. Budden whose salary was denominated in British Pounds.
- (2) These amounts represent the value of RSUs and PSUs granted to the respective NEO. PSUs are notional share instruments which track the value of the common shares and are subject to non-market performance conditions related to key strategic, financial and operational milestones. PSUs cliff vest three years from the date of grant, at which time the Board of Directors will assign a performance multiple ranging from nil to two hundred percent to determine the ultimate vested number of PSUs. PSUs may be settled in shares issued from treasury or cash, at the discretion of the Board of Directors. The non-market performance conditions include: i) metrics relating to completion of the Maersk farmout agreement and confirming resource quantities providing entitlement to associated advance, and contingent carry; ii) metrics relating to the growth in contingent resources and reserves; and iii) additional milestones related to South Lokichar development, pipeline development and financing associated with these developments. The Company accounts for PSUs as equity based awards whereby the estimated fair value of the grant is expensed evenly throughout the remaining vesting period. RSUs are notional share instruments which track the value of the common shares. RSUs granted to NEOs vest over three years (1/3 on the first, second and third anniversary of grant). RSUs may be settled in shares issued from treasury or cash, at the discretion of the Board of Directors. The Company accounts for RSUs as equity based awards whereby the estimated fair value of the grant is expensed evenly throughout the remaining vesting period.
- (3) These amounts represent the value of stock options granted to the respective NEO. The fair value of each option granted is estimated on the date of grant using the Black-Scholes options pricing model taking into account the following assumptions on a weighted average

basis: (i) risk-free interest rate (%); (ii) expected life (years); and (iii) expected volatility (%). This is consistent with the accounting values used in the Corporation's financial statements. The dollar amount in this column represents the total value ascribed to the stock options; however, all of these stock options are subject to vesting as to one-third on the date of grant, one-third one year from the date of grant and the remaining one-third two years from the date of grant.

- (4) Amounts reflected under this column typically consist of benefits such as life insurance premiums, parking benefits, and the payment of host country taxes when on long-term foreign assignment.
- (5) Amounts reflected under the column "Non-equity incentive plan compensation – Annual incentive plans" reflect the cash bonuses received by Mr. Hill in the amount of: \$250,000 for the financial year ended December 31, 2016; \$437,500 for the financial year ended December 31, 2015; CAD\$215,000 for the financial year ended December 31, 2014. During the financial year ended December 31, 2016, Mr. Hill was awarded 368,000 Performance Share Units and 368,000 Restricted Share Units vesting as to one-third one year from the date of grant, one-third two years from the date of grant, and the remaining one-third two years after the date of grant. During the financial year ended December 31, 2015, Mr. Hill was awarded incentive stock options to purchase 575,000 common shares of the Corporation over a period of five years at an exercise price of CAD\$2.48 per share, vesting as to one-third on the date of grant, one-third one year from the date of grant and the remaining one-third two years after the date of grant. During the financial year ended December 31, 2014, Mr. Hill was awarded incentive stock options to purchase 805,000 common shares of the Corporation over a period of three years at an exercise price of CAD\$8.44 per share, vesting as to one-third on the date of grant, one-third one year from the date of grant and the remaining one-third two years after the date of grant. These awards are reflected under the column "Option-based Awards".
- (6) Amounts reflected under the column "Non-equity incentive plan compensation – Annual incentive plans" reflect the cash bonuses received by Mr. Gibbs in the amount of: CAD\$200,000 for the financial year ended December 31, 2016; CAD\$437,500 for the financial year ended December 31, 2015; and CAD\$150,000 for the financial year ended December 31, 2014. During the financial year ended December 31, 2016, Mr. Gibbs was awarded 198,000 Performance Share Units and 198,000 Restricted Share Units vesting as to one-third one year from the date of grant, one-third two years from the date of grant, and the remaining one-third two years after the date of grant. During the financial year ended December 31, 2015, Mr. Gibbs was awarded incentive stock options to purchase 460,000 common shares of the Corporation over a period of five years at an exercise price of CAD\$2.48 per share, vesting as to one-third on the date of grant, one-third one year from the date of grant and the remaining one-third two years after the date of grant. During the financial year ended December 31, 2014, Mr. Gibbs was awarded incentive stock options to purchase 460,000 common shares of the Corporation over a period of three years at an exercise price of CAD\$8.44 per share, vesting as to one-third on the date of grant, one-third one year from the date of grant and the remaining one-third two years after the date of grant. These awards are reflected under the column "Option-based Awards".
- (7) Mr. Thomas has been employed by the Corporation as Chief Operating Officer since April 2015. Amounts reflected under the column "Non-equity incentive plan compensation – Annual incentive plans" reflect the cash bonuses received by Mr. Thomas in the amount of: CAD\$127,000 for the financial year ended December 31, 2016; and CAD\$157,500 for the financial year ended December 31, 2015. During the financial year ended December 31, 2016, Mr. Thomas was awarded 168,000 Performance Share Units and 168,000 Restricted Share Units vesting as to one-third one year from the date of grant, one-third two years from the date of grant, and the remaining one-third two years after the date of grant. During the financial year ended December 31, 2015, Mr. Thomas was awarded incentive stock options to purchase 500,000 common shares of the Corporation over a period of five years at an exercise price of CAD\$2.25 per share, vesting as to one-third on the date of grant, one-third one year from the date of grant and the remaining one-third two years after the date of grant. This award is reflected under the column "Option-based Awards".
- (8) Amounts reflected under the column "Non-equity incentive plan compensation – Annual incentive plans" reflect the cash bonus received by Dr. Martinez in the amount of: CAD\$106,000 for the financial year ended December 31, 2016; CAD\$262,500 for the financial year ended December 31, 2015; and CAD\$140,000 for the financial year ended December 31, 2014. During the financial year ended December 31, 2016, Dr. Martinez was awarded 147,000 Performance Share Units and 147,000 Restricted Share Units vesting as to one-third one year from the date of grant, one-third two years from the date of grant, and the remaining one-third two years after the date of grant. During the financial year ended December 31, 2015, Dr. Martinez was awarded incentive stock options to purchase 360,000 common shares of the Corporation over a period of five years at an exercise price of CAD\$2.48 per share, vesting as to one-third on the date of grant, one-third one year from the date of grant and the remaining one-third two years after the date of grant. During the financial year ended December 31, 2014, Dr. Martinez was awarded incentive stock options to purchase 504,000 common shares of the Corporation over a period of three years at an exercise price of CAD\$8.44 per share, vesting as to one-third on the date of grant, one-third one year from the date of grant and the remaining one-third two years after the date of grant. These awards are reflected under the column "Option-based Awards".
- (9) Amounts reflected under the column "Non-equity incentive plan compensation – Annual incentive plans" reflect the cash bonuses received by Mr. Budden in the amount of: £53,000 for the financial year ended December 31, 2016; CAD\$175,000 for the financial year ended December 31, 2015; and CAD\$70,000 for the financial year ended December 31, 2014. During the financial year ended December 31, 2016, Mr. Budden was awarded 143,000 Performance Share Units and 143,000 Restricted Share Units vesting as to one-third one year from the date of grant, one-third two years from the date of grant, and the remaining one-third two years after the date of grant. During the financial year ended December 31, 2015, Mr. Budden was awarded incentive stock options to purchase 330,000 common shares of the Corporation over a period of five years at an exercise price of CAD\$2.48 per share, vesting as to one-third on the date of grant, one-third one year from the date of grant and the remaining one-third two years after the date of grant. During the financial year ended December 31, 2014, Mr. Budden was awarded incentive stock options to purchase 168,000 common shares of the Corporation over a period of three years at an exercise price of CAD\$8.44 per share, vesting as to one-third on the date of grant, one-third one year from the date of grant and the remaining one-third two years after the date of grant. These awards are reflected under the column "Option-based Awards".

Other than as set out above, no perquisites have been included as they do not reach the prescribed threshold of the lesser of CAD\$50,000 or 10% or more of total salary for the financial year.

(1) All outstanding stock options with an expiry date of 2017/02/12 expired on that date without being exercised.

(2) Calculated using the closing price of the common shares on the Toronto Stock Exchange on December 30, 2016 of CAD\$2.66 and subtracting the exercise price of in-the-money stock options. As at December 31, 2016, these stock options had not been, and may never be, exercised and actual gains, if any, on exercise will depend on the value of the common shares on the date of exercise.

(3) Calculated using the closing price of the common shares on the Toronto Stock Exchange on December 30, 2016 of CAD\$2.66. As at December 31, 2016, these RSUs and PSUs have not vested.

INCENTIVE PLAN AWARDS

TERMINATION AND CHANGE OF CONTROL BENEFITS

The Corporation and its subsidiaries have not entered into any compensatory plan or arrangement in respect of compensation received or that may be received by any of the NEOs in the event of the termination of employment (resignation, retirement, change of control) or in the event of a change in responsibilities following a change in control, except for those disclosed below.

Keith Hill, President and Chief Executive Officer

On December 10, 2015 the Corporation entered into an open-ended executive employment agreement with Mr. Keith Hill, the President and Chief Executive Officer of the Corporation, providing for an annual salary of \$375,000, replacing the previous executive employment agreement dated January 15, 2010.

Pursuant to the terms of Mr. Hill's employment agreement, the Corporation may terminate Mr. Hill's employment without notice or payment in lieu of notice for cause. Additionally, the agreement may be terminated by the Corporation by notice to Mr. Hill if he becomes permanently disabled. Upon the termination of Mr. Hill's employment for cause or if Mr. Hill voluntarily elects to terminate his agreement, Mr. Hill shall not be entitled to any severance payment other than compensation earned by Mr. Hill up to the date of termination.

Mr. Hill may be terminated by the Corporation for any reason other than specified above, upon one year's written notice of the termination of his employment agreement. If Mr. Hill elects to resign as a result of a change of control, he is entitled to a continued benefit package, at the Corporation's expense, for two years, of all benefits provided to the Executive at the highest level provided to him at any time within the one-year period prior to the change of control (an estimated value of approximately \$53,376).

In the event that there is a change of control of the Corporation, Mr. Hill is entitled to resign within 180 days of such change of control, and to receive the equivalent of two years' base salary in a lump sum (equivalent to \$750,000) plus the continuation of all of benefits for two years, at the highest level provided to Mr. Hill at any time within the one year period prior to the change of control. In addition, Mr. Hill's outstanding incentive stock option awards, RSUs and PSUs in the Corporation would fully vest and become immediately exercisable upon a change of control occurring (valued at \$1,535,160 as at December 31, 2016).

A "change of control" is deemed to occur if: (i) there is a direct or indirect sale or transfer of beneficial ownership of all or substantially all of the assets of the Corporation; (ii) there is a consolidation, merger, amalgamation or similar transaction as a result of which shareholder of the Corporation prior to the transaction hold less than fifty percent (50%) of the outstanding shares after completion of the transaction; (iii) there is a sale or transfer of beneficial ownership of securities of the Corporation possessing more than fifty (50%) of the combined voting power; or (iv) the right to appoint a majority of the Corporation's Board to an acquirer, as a result of which a majority of the Board elected at the next shareholders' meeting are non-incumbent directors who are nominees of such acquirer.

Ian Gibbs, Chief Financial Officer

On December 10, 2015 the Corporation entered into an open-ended executive employment agreement with Mr. Ian Gibbs, the Chief Financial Officer of the Corporation, providing for an annual salary of CAD\$375,000, replacing the previous executive employment agreement dated September 14, 2009.

Pursuant to the terms of Mr. Gibbs' employment agreement, the Corporation may terminate Mr. Gibbs' employment without notice or payment in lieu of notice for cause. Additionally, the agreement may be terminated by the Corporation by notice to Mr. Gibbs if he becomes permanently disabled. Upon the termination of Mr. Gibbs' employment for cause or if he voluntarily elects to terminate his agreement, Mr. Gibbs shall not be entitled to any severance payment other than compensation he earned up to the date of termination.

Mr. Gibbs may be terminated by the Corporation for any reason other than specified above, upon one year's written notice of the termination of his employment agreement. If Mr. Gibbs elects to resign as a result of a change of control, he is entitled to a continued benefit package, at the Corporation's expense, for two years, of all benefits provided to the Executive at the highest level provided to him at any time within the one-year period prior to the change of control (an estimated value of approximately CAD\$20,442).

In the event that there is a change of control of the Corporation, Mr. Gibbs is entitled to resign within 180 days of such change of control and to receive the equivalent of two years' base salary in a lump sum (equivalent to CAD\$750,000) plus the continuation of all of benefits for two years, at the highest level provided to Mr. Gibbs at any time within the one year period prior to the change of control. In addition, Mr. Gibbs' outstanding incentive stock option awards, RSUs and PSUs in the Corporation would fully vest and become immediately exercisable upon a change of control occurring (valued at \$846,175 as at December 31, 2016).

A "change of control" is deemed to occur if: (i) there is a direct or indirect sale or transfer of beneficial ownership of all or substantially all of the assets of the Corporation; (ii) there is a consolidation, merger, amalgamation or similar transaction as a result of which shareholder of the Corporation prior to the transaction hold less than fifty percent (50%) of the outstanding shares after completion of the transaction; (iii) there is a sale or transfer of beneficial ownership of securities of the Corporation possessing more than fifty (50%) of the combined voting power; or (iv) the right to appoint a majority of the Corporation's Board to an acquirer, as a result of which a majority of the Board elected at the next shareholders' meeting are non-incumbent directors who are nominees of such acquirer.

Tim Thomas, Chief Operating Officer

On March 9, 2015 the Corporation entered into an open-ended executive employment agreement with Mr. Thomas providing for an annual salary of CAD\$300,000. Effective January 1, 2016, Mr. Thomas' base annual salary was increased to CAD\$350,000 per annum.

Pursuant to the terms of Mr. Thomas' employment agreement, the Corporation may terminate Mr. Thomas' employment without notice or payment in lieu of notice for cause. Additionally, the agreement may be terminated by the Corporation by notice to Mr. Thomas if he becomes permanently disabled. Upon the termination of Mr. Thomas' employment for cause or if he voluntarily elects to terminate his agreement, Mr. Thomas shall not be entitled to any severance payment other than compensation he earned up to the date of termination.

Mr. Thomas may be terminated by the Corporation for any reason other than specified above, upon six months written notice of the termination of his employment agreement. If Mr. Thomas elects to resign as a result of a change of control, he is entitled to a continued benefit package, at the Corporation's expense, for two years, of all benefits provided to the Executive at the highest level provided to him at any time within the one-year period prior to the change of control (an estimated value of approximately CAD\$29,514).

In the event that (i) the Corporation sells a controlling interest in all or substantially all of its assets or of one or more of its subsidiaries that owns, taken together, substantially all of the assets of the Corporation, or (ii) there is a change of control of the Corporation, Mr. Thomas is entitled to resign and to receive the equivalent of two years' base salary in a lump sum (equivalent to CAD\$700,000) plus the continuation of all of benefits for two years, at the highest level provided to Mr. Thomas at any time within the one year period prior to the change of control. In addition, Mr. Thomas' outstanding incentive stock option awards, RSUs and PSUs in the Corporation would fully vest and become immediately exercisable upon a change of control occurring (valued at \$818,321 as at December 31, 2016) .

A "change of control" is deemed to occur if there is a successful take-over of the Corporation.

Dr. Paul Martinez, Vice President Exploration

On August 1, 2015 the Corporation entered into an open-ended executive employment agreement with Dr. Martinez providing for an annual salary of CAD\$350,000. Effective January 1, 2017, Dr. Martinez's base annual salary was revised to \$282,000 per annum.

Pursuant to the terms of Dr. Martinez's employment agreement, the Corporation may terminate Dr. Martinez's employment without notice or payment in lieu of notice for cause. Additionally, the agreement may be terminated by the Corporation by notice to Dr. Martinez if he becomes permanently disabled. Upon the termination of Dr. Martinez's employment for cause or if he voluntarily elects to terminate his agreement, Dr. Martinez shall not be entitled to any severance payment other than compensation he earned up to the date of termination.

Dr. Martinez may be terminated by the Corporation for any reason other than specified above, upon 60 days written notice of the termination of his employment agreement. If Dr. Martinez elects to resign as a result of a change of control, he is entitled to a continued benefit package, at the Corporation's expense, for two years, of all benefits provided to the Executive at the highest level provided to him at any time within the one-year period prior to the change of control (an estimated value of approximately \$21,738).

In the event that (i) the Corporation sells a controlling interest in all or substantially all of its assets or of one or more of its subsidiaries that owns, taken together, substantially all of the assets of the Corporation, or (ii) there is a change of control of the Corporation, Dr. Martinez is entitled to resign and to receive the equivalent of two years' base salary in a lump sum (equivalent to \$564,000) plus the continuation of all of benefits for two years, at the highest level provided to Dr. Martinez at any time within the one year period prior to the change of control. In addition, Dr. Martinez' outstanding incentive stock option awards, RSUs and PSUs in the Corporation would fully vest and become immediately exercisable upon a change of control occurring (valued at \$630,699 as at December 31, 2016).

A "change of control" is deemed to occur if there is a successful take-over of the Corporation.

Alex Budden, Vice President External Relations

In accordance with the Corporation's Previous Stock Option Plan, Mr. Budden's outstanding incentive stock option awards, RSUs and PSUs in the Corporation would fully vest and become immediately exercisable upon a change of control occurring (valued at \$610,828 as at December 31, 2016).

COMPENSATION OVERSIGHT, GOVERNANCE AND RISK MANAGEMENT

The Corporation's executive compensation program is administered by the Compensation Committee of the Board. Risk management is a primary consideration of the Compensation Committee when implementing its compensation program. It does not believe that its compensation program results in unnecessary or inappropriate risk taking including risks that are likely to have a material adverse effect on the Corporation.

The Corporation's directors and executive officers are not permitted to purchase financial instruments, including for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the director or officer.

CLAWBACK POLICY

The Corporation's Board has adopted a clawback policy that will apply to all incentive payments awarded on or after January 1, 2016, including bonus payments, stock options, and PSU awards. The clawback policy will apply to the CEO and CFO of the Corporation, and provides the Board discretion to recover any or all incentive compensation that would have otherwise not been paid if the Board determines that:

- a) There has been a material misstatement in the Corporation's financial statements resulting in the awarding of more PSUs and/or options, or the awarding of a larger bonus than would have otherwise occurred; AND
- b) The participant engaged in gross negligence or intentional misconduct, fraud or other misconduct or willful act engaged in by the applicable executive which resulted in the financial restatement by the Corporation.

The actual clawback of incentive awards, if any, will be at the sole discretion of the Board. The Board will have up to a one year period following the date the incentive payment is settled to enforce the clawback policy, if necessary.

SHARE OWNERSHIP GUIDELINES

The Board approved the introduction of share ownership guidelines for the CEO, CFO, and COO. The CEO will be required to hold shares equal in value to three times salary, and the CFO and COO will be required to hold shares equal in value to two times salary, within 5 years following implementation of these guidelines or promotion to the role, whichever is later. The following table compares the CEO, CFO, and COO's common share ownership relative to their ownership guidelines:

Individual	Minimum Share Ownership (CAD\$)	# of Shares and RSUs Currently Owned	Value of Current Ownership ⁽²⁾⁽³⁾ (CAD\$)	Meets Guidelines ⁽⁴⁾
Keith Hill ⁽⁵⁾	CAD\$1,510,538 ⁽¹⁾	923,341	CAD\$2,456,087	Yes

(4) Based on the value of the Shares as at December 31, 2016 using the closing price of CAD\$2.66.

(5) Mr. Hill is required to hold shares equal in value to three times salary.

(6) Mr. Gibbs is required to hold shares equal in value to two times salary.

(7) Mr. Thomas is required to hold shares equal in value to two times salary.

(8) Mr. Thomas has until December 10, 2020 to meet ownership guidelines.

APPOINTMENT AND ROLE OF COMPENSATION CONSULTANTS

Following concerns raised by shareholders and proxy advisors in 2015 regarding Africa Oil's compensation practices, and the failure to receive shareholder approval of the Corporation's Previous Stock Option Plan at the annual general meeting, the Compensation Committee engaged the services of Hugessen Consulting Inc. ("Hugessen"). As an independent advisor, Hugessen supports the Committee by providing independent insight.

Hugessen's mandate involved an initial diagnostic review of Africa Oil's pay and pay governance practices. The results of these findings lead to a redesign of Africa Oil's compensation plans, including:

- Development of compensation peer groups (Canadian peers and UK reference peers)
- Benchmarking of pay levels for Named Executive Officers, and non-executive directors of Africa Oil, relative to compensation peers and development of a formal pay structure
- Design and implementation of incentive plans, including Long Term Incentive Plan
- Support with implementation of pay governance policies, including share ownership guidelines, say on pay, and clawback provisions

The Compensation Committee reviews information and advice provided by Hugessen, among other factors, in making its executive compensation decisions. The Committee also has the authority to hire and fire its independent advisor and reviews Hugessen's performance regularly.

COMPENSATION CONSULTANT FEES

The table below summarizes all fees paid to Hugessen, our compensation consultant, in 2016. At no time prior to engaging Hugessen has any other compensation consultant or advisor been retained by Africa Oil.

APPENDIX A – BOARD OF DIRECTORS’ MANDATE

The following is a description of the mandate and responsibilities of the Board of Directors (the “Board”) of Africa Oil Corp. (the “Company”):

- a. The principal responsibilities of the Board are to supervise and evaluate management, to oversee the conduct of the Company’s business, to set policies appropriate for the business of the Company and to approve corporate strategies and goals. The Board is to carry out its mandate in a manner consistent with the fundamental objective of enhancing shareholder value.
- b. In discharging its duty of stewardship over the Company, the Board expressly undertakes the following specific duties and responsibilities:
 - i. adopting, supervising and providing guidance on the Company’s strategic planning process including, reviewing on at least an annual basis, a strategic plan which takes into account the opportunities and risks of the Company’s business;
 - ii. identifying the principal risks of the Company’s business and ensuring the implementation of appropriate risk management systems;
 - iii. ensuring that the Company has management of the highest caliber and maintaining adequate and effective succession planning for senior management;
 - iv. placing limits on management’s authority;
 - v. overseeing the integrity of the Company’s internal control and management information systems; and
 - vi. overseeing the Company’s communication policy with its shareholders and with the public generally.

The Board’s independent directors shall meet without management and non-independent directors present on a quarterly basis. If a Lead Director has been appointed, such meetings of the independent directors will be presided over by the Lead Director.

Outside Advisors and Fulfilling Responsibilities

A director may, with the prior approval of the Chairman of the Board, engage an outside advisor at the reasonable expense of the Company, where such director and the Chairman of the Board determine that it is appropriate in order for such director to fulfill his or her responsibilities, provided that the advice sought cannot properly be provided through the Company’s management or through the Company’s advisors in the normal course. If the Chairman of the Board is not available in the circumstances, or determines that it is not appropriate for such director to so engage outside counsel, the director may appeal the matter to the Corporate Governance and Nominating Committee, whose determination shall be final.

APPENDIX B – SUMMARY OF EQUITY PLAN TERMS

Long Term Incentive Plan

The following summarizes the key terms of the LTIP as adopted by the Board. Capitalized terms used in the summary of the LTIP below that are not otherwise defined herein, shall have the meanings given to such terms in the LTIP.

Administration. The Board will administer the LTIP and has the right to delegate the administration and operation of the LTIP, in whole or in part, to a committee of the Board.

Awards Available for Grant. Pursuant to the LTIP, the Board may grant restricted share units (“RSUs”) and performance share units (“PSUs”) and any combination of the foregoing.

Eligible Participants. As designated by the Board, RSUs and PSUs may be granted to any officer, director or employee of the Corporation or a Consultant of the Corporation or any Affiliates and any such person’s personal holding company.

Number of Shares. The maximum number of Shares which may be reserved for issuance under the LTIP in respect of grants of RSUs and PSU to Eligible Participants, and for dividend-equivalent payments in respect thereof, cannot exceed 18,256,682 Shares. As of March 10, 2017, there were 1,270,000 RSUs and 1,024,000 PSUs outstanding under the LTIP, representing, in aggregate, 12.5% of the maximum number of Shares reserved for issuance. There are 15,962,683 Shares available, being 87.5% of the maximum number of Shares reserved for issuance under the LTIP.

Participation Limits. Unless the Corporation has received requisite shareholder approval, under no circumstances shall the LTIP, together with all other Share Compensation Arrangements of the Corporation, result, at any time, in: (i) the aggregate number of Shares reserved for issuance to insiders (as a group) at any point in time exceeding 10% of the Corporation’s issued and outstanding Shares; (ii) the issuance to insiders (as a group), within a one-year period, of an aggregate number of Shares exceeding 10% of the Corporation’s issued and outstanding Shares; (iii) the aggregate number of Shares reserved for issuance to all non-employee directors of the Corporation exceeding 1% of the Corporation’s issued and outstanding Shares; or (iv) the grant to any individual non-employee director of the Corporation of more than CAD\$150,000 worth of Shares annually.

Subject to compliance with the foregoing limitations, the LTIP does not provide for a maximum number of Shares which may be issued to an individual pursuant to the LTIP.

Vesting. Each Grant Agreement will describe the vesting dates for RSUs and PSUs. The Corporation intends that for non-executive directors, RSUs will cliff vest three years after the date of grant and for all other participants, RSUs will have ratable vesting over three years. PSUs will cliff vest three years after the date of grant.

Term and Settlement. RSUs and PSUs will be settled on the first business day following the applicable vesting date but in all events in the calendar year in which such first business day occurs. RSUs and PSUs will be settled by the Corporation in Shares issued from treasury, unless the Participant elects to settle in cash in which case the cash payment will be determined by the number of Shares the Participant would be eligible to receive multiplied by the Market Value. The Corporation has the right to override the Participant’s election and settle such RSUs or PSUs in shares issued from treasury.

Cessation. Unless as provided in the applicable Grant Agreement, if a Participant ceases to be an Eligible Person due to his or her termination or resignation without good reason, any unvested Units held by that Participant shall expire. The expiration of a Unit renders it void and incapable of settlement.

If the Participant ceases to be an Eligible Person because of a resignation with good reason or his or her death, then any unvested Units held by that Participant will immediately vest and become available for settlement. If the Participant ceases to be an Eligible Person because of his or her retirement, such Participant will continue to participate in the LTIP as if the Participant continued to be actively employed with the Corporation. If the Participant ceases to be an Eligible Person because of a disability, all unvested Units held by such Participant will vest based on a pro-rated amount of months between the date of grant and the termination date and be settled in accordance with the LTIP. In respect of PSUs, the Board will calculate the actual performance criteria for the purposes of settlement.

Assignability. In no event may the Units under the LTIP be assigned or transferred in any way, except to the extent such Units may pass to a beneficiary or legal representative upon death of a participant.

Amendments. The Board may amend, revise or discontinue the terms and conditions of the LTIP in its sole discretion subject to certain limitations under the LTIP. The Board may, from time to time, in its discretion and without the approval of shareholders, make changes to the LTIP which do not require shareholder approval, which may include an amendment that: (i) is necessary to comply with any applicable law or any requirement of a stock exchange; (ii) is in respect of the administration of or eligibility for participation in the LTIP; (iii) is to alter, extend or accelerate the vesting or settlement terms of any Unit; or (iv) is of a “housekeeping nature”, including those which are made to clarify the meaning of an existing provision of the LTIP, is to correct or supplement any provision of the LTIP that is inconsistent with any other provision of the LTIP, correct any grammatical or typographical errors or amend the definitions in the LTIP regarding administration of the LTIP.

The Board may not amend the LTIP without approval from the shareholders if any applicable law, or stock exchange rule, regulation or policy, requires that the amendment be approved by the Shareholders. Shareholder approval of an amendment to the LTIP is specifically required where the amendment: (i) increases the maximum number of Shares issuable under the LTIP; (ii) alters the participation limits for insiders or non-employee directors; (iii) extends the time for which a Unit expires beyond its original expiry date; (iv) permits the assignment or transfer of a unit other than for normal estate settlement purposes; or (v) amends the amendment provisions of the LTIP.

Market Value. Market Value means, in relation to a Share, the volume weighted average trading price of the Share on the Toronto Stock Exchange (the “TSX”) for the five immediately preceding trading days.

Adjustments. The LTIP provides that appropriate adjustments, if any, will be made by the Board in connection with a reclassification, reorganization, or other change of shares, consolidation, distribution, merger or amalgamation, in order to maintain the participant’s economic rights in respect of their units in connection with such change in capitalization.

Dividend Equivalents. If a dividend becomes payable by the Corporation on its Shares, participants will be entitled to be credited with dividend equivalent payments in the form of additional RSUs and/or PSUs, as applicable, which additional units will be settled at the same time that the underlying RSUs and/or PSUs, as applicable, are settled.

Black-out period. A Participant that receives Shares in satisfaction of a Unit during a black-out period may not sell or otherwise dispose of those Shares during the black-out period. If a Participant chooses to receive cash on the settlement of Units and the settlement date falls during a black-out period, then the Cash Equivalent will be calculated with a Market Value on the date that is seven days following the date the relevant black-out period is lifted, terminated or removed.

Change of Control. In the event of a change of control transaction in which there is an acquiring or surviving entity, the Board may provide for substitute or replacement units of similar value from the acquiring or surviving entity or one or more of its subsidiaries. In addition, if a participant is terminated without cause or resigns with good reason, within twelve months following a change of control, unvested Units or replacement equivalents become fully vested. In addition, on a change of control, the Market Value of a Share underlying a Unit will be determined on the date of the change of control and such Unit will convert into the entitlement to receive a cash payment in accordance with the terms of the LTIP.

Clawback. The Board has adopted a clawback policy that will apply to all incentive payments awarded on or after January 1, 2016, including bonus payments, stock options, and PSU awards. The clawback policy will apply to the CEO and CFO of the Corporation, and provides the Board discretion to recover any or all incentive compensation that would have otherwise not been paid if the Board determines that: (i) there has been a material misstatement in the Corporation's financial statements resulting in the awarding of more PSUs and/or options, or the awarding of a larger bonus than would have otherwise occurred; and (ii) the participant engaged in gross negligence or intentional misconduct, fraud or other misconduct or willful act engaged in by the applicable executive which resulted in the financial restatement by the Corporation. The actual clawback of incentive awards, if any, will be at the sole discretion of the Board. The Board will have up to a one year period following the date the incentive payment is settled to enforce the clawback policy, if necessary.

Stock Option Plan

The following summarizes the key terms of the Stock Option Plan as adopted by the Board. Capitalized terms used in the summary of the Stock Option Plan below that are not otherwise defined herein, shall have the meanings given to such terms in the Stock Option Plan.

Commencing in 2016, stock options are no longer awarded to directors and NEOs.

Administration. The Board will administer the Stock Option Plan and has the right to delegate the administration and operation of the Stock Option Plan, in whole or in part, to a committee of the Board.

Eligible Participants. As designated by the Board, options may be granted to any employees, directors, officers and consultants of the Corporation and its Affiliates.

Number of Shares. The Stock Option Plan provides that the maximum number of Shares issuable upon the exercise of options shall not exceed 5% percent of the issued and outstanding Shares from time to time (on a non-diluted basis). As a result, should the Corporation issue additional Shares in the future, the number of Shares issuable pursuant to the Stock Option Plan will increase accordingly. Any Shares subject to an option which has been exercised by a Participant or for any reason is cancelled or terminated without having been exercised, will again be available for grants under the Stock Option Plan. As of March 10, 2017, there were 456,617,074 Shares issued and outstanding. As of March 10, 2017, there were 9,114,500 options outstanding under the Stock Option Plan and the Rolling Stock Option Plan (the "Previous Stock Option Plan, being 2% of the number of Shares issued and outstanding. Therefore, a balance of 13,716,354 Shares, representing 3% of the number of Shares issued and outstanding are potentially issuable under the Stock Option Plan.

Participation Limits. Unless the Corporation has received requisite shareholder approval, under no circumstances will the Stock Option Plan, together with all other Share Compensation Arrangements of the Corporation, result, at any time, in: (i) the aggregate number of Shares reserved for issuance to insiders (as a group) at any point in time exceeding 10% of the Corporation's issued and outstanding Shares; (ii) the issuance to insiders (as a group), within a one-year period, of an aggregate number of Shares exceeding 10% of the Corporation's issued and outstanding Shares; (iii) the aggregate number of Shares reserved for issuance to all non-employee directors of the Corporation exceeding 1% of the Corporation's issued

and outstanding Shares; or (iv) the annual grant to any individual non-employee director of the Corporation under all Share Compensation Arrangements exceeding a grant value of CAD\$100,000 in options or CAD\$150,000 in full value equity awards.

Exercise Price. The exercise price may not be less than the closing price of the Shares on the TSX on the trading day that immediately preceded the date of the grant.

Vesting. The vesting schedule for any option outstanding under the Stock Option Plan is determined by the Board, acting in its sole discretion, and is stated in the Stock Option Certificate. Once vested, an option holder may exercise such options and the Corporation will issue Shares from treasury in accordance with the Stock Option Plan.

Term. An option granted under the Stock Option Plan has a maximum term of five years from the date it was granted.

Cessation. Unless the Board decides otherwise, options granted under the Stock Option Plan expire at the earlier of their expiry date and: (i) 30 days after the option holders' termination by the Corporation with cause or resignation without good reason; (ii) 3 years after the option holders' retirement; (iii) 12 months after the option holders' death; and (iv) 90 days after resignation with good reason or termination by the Corporation without cause.

Assignability. Options are not assignable or transferrable by an option holder and may only be exercised during the lifetime of the option holder by the option holder personally. Options may be transferred upon the death of an option holder (subject to the cessation limitations above).

Amendments. Subject to compliance with TSX rules, the Board may, without shareholder approval, amend, suspend or terminate the Stock Option Plan or the terms of any option previously granted, provided that such amendments do not require approval of the shareholders, which may include amendments: (i) to amend the vesting provisions of an option; (ii) as is necessary to comply with any applicable law or any requirement of a stock exchange; or (iii) as is of a "housekeeping nature", including those which are made to clarify the meaning of an existing provision of the Stock Option Plan, is to correct or supplement any provision of the Stock Option Plan that is inconsistent with any other provision of the Stock Option Plan, correct any grammatical or typographical errors or amend the definitions in the Stock Option Plan regarding administration of the Stock Option Plan.

However, shareholder approval (as well as compliance with applicable TSX rules) is required if the Board seeks to amend the Stock Option Plan for any of the following purposes: (i) to increase the maximum reserve of Shares permitted under the Stock Option Plan; (ii) to reduce the exercise price of outstanding options, cancel and reissue options or extend the expiry date of an option or a substitution of options with cash or other awards on terms more favourable to a participant; (iii) to amend the insider participation limits; (iv) any change that would materially modify the eligibility requirements for participation in the Stock Option Plan; (v) any amendment relating to the grant of options to non-employee directors; (vi) any amendment to the amendment provisions; or (vii) to allow for an option to be transferable or assignable, other than for normal estate settlement purposes.

Adjustments. The Stock Option Plan provides that appropriate adjustments, if any, will be made by the Board in connection with a reclassification, reorganization, or other change of shares, consolidation, distribution, merger or amalgamation, in order to maintain the participant's economic rights in respect of their options in connection with such change in capitalization, including adjustments to the exercise price or the number of Shares to which a participant is entitled upon exercise of options, or permitting the immediate exercise of any outstanding options that are not otherwise exercisable.

Black-out Period. No option will be granted during a black-out period or other trading restriction imposed by the Corporation or any other time when the Board or the Corporation has material undisclosed information. An option holder may not exercise an option if the Corporation has imposed a black-out period. If an option would expire during or within nine days of a black-out period, then the expiry date of that option will automatically extend to the date that is 10 business days following the date that the black-out period ends.

Change of Control. In the event of a change of control transaction in which there is an acquiring or surviving entity, the Board may provide for substitute or replacement options of similar value from the acquiring or surviving entity or one or more of its subsidiaries. In addition, if a participant is terminated without cause or resigns with good reason, within twelve months following a change of control, unvested options or replacement equivalents become fully vested.

The Rolling Plan

The Corporation's Rolling Stock Option Plan, previous to the Stock Option Plan approved by shareholders on April 19, 2016, (the "Previous Stock Option Plan"), governing the issuance of stock options was initially adopted by shareholders at the annual and special meeting held on June 23, 2008 ratified and approved by shareholders on June 3, 2014. However, the Corporation failed to obtain shareholder approval for the ratification and confirmation of an amended version of the Previous Stock Option Plan at the 2015 Annual General and Special Meeting on June 11, 2015, and no options have been granted under the Previous Stock Option Plan since that date.

The Previous Stock Option Plan will continue to govern awards previously granted under such plan and be retained until the outstanding options that were granted pursuant to the Previous Stock Option Plan have been exercised or expire. Capitalized terms used in the summary of the Previous Stock Option Plan below that are not otherwise defined herein, shall have the meanings given to such terms in the Previous Stock Option Plan.

Administration. The Previous Stock Option Plan is administered by the secretary of the Corporation, or such director or senior officer or employee of the Corporation as may be designated as the administrator of the Previous Stock Option Plan from time to time, on the instructions of the Board.

Eligible Participants. Stock options may be granted to an employee, director, officer or management company, employee of the Corporation, or other persons who perform management or consulting services or investor relations services for the Corporation or any of its subsidiaries on an ongoing basis.

Number of Shares. The aggregate number of shares issuable upon the exercise of all stock options granted under the Previous Stock Option Plan is not to exceed 10% of the issued and outstanding share capital of the Corporation on a non-diluted basis at any time, and such aggregate number of shares shall automatically increase or decrease as the number of issued and outstanding shares changes. As of the date hereof, an aggregate of 5,130,000 options under the Previous Stock Option Plan are currently under grant, representing 1% of the issued and outstanding Shares of the Corporation on a non-diluted basis. Because the Previous Stock Option Plan was not ratified and confirmed at the 2015 Annual and Special General Meeting, there will be no further grants made under the Previous Stock Option Plan.

Vesting. Vesting of options granted pursuant to the Previous Stock Option Plan was determined by the Board on the date of the option grant and as indicated in the option grant and related option agreement.

Term. The term of options granted pursuant to the Previous Stock Option Plan was fixed by the Board on the date of the option grant, except that in the event that the expiry date of an Option falls during or within two business days following

the end of a blackout period of the Corporation pursuant to its policies, the expiry date of such Option shall be extended for a period of ten business days following the end of the blackout period.

Cessation. In the event that an option holder should die while he or she is still a director or employee of the Corporation, the expiry date of the option is one year from the date of death of the option holder.

In the event that an option holder who has received stock options in his or her capacity as a director of the Corporation ceases to be a director of the Corporation other than by reason of death, the expiry date of the options will be the 30th day following the date the option holder ceases to be a director of the Corporation unless the option holder continues to be engaged by the Corporation as an employee, in which case the expiry date will remain unchanged, or where the option holder ceases to be a director of the Corporation as a result of ceasing to meet the qualifications under section 124 of the BCA, a special resolution being passed by the shareholders of the Corporation pursuant to subsection 128(3) of the BCA, or by order of the British Columbia Securities Commission, the TSX or any regulatory body having jurisdiction to do so, in which case the expiry date will be the date the option holder ceases to be a director of the Corporation.

In the event that an option holder who has received stock options in his or her capacity as an employee of the Corporation ceases to be an employee of the Corporation other than by reason of death, or if the employee is a party providing investor relations services or management or consulting services to the Corporation and ceases to continue providing such services to the Corporation, the expiry date of the option will be the 30th day following the date the option holder ceases to be an employee of the Corporation or ceases to continue providing such investor relations, management and consulting services to the Corporation, subject to the terms and conditions of the Plan.

Exercise Price. The exercise price per share was determined by the Board at the time the options were granted.

Assignability. Options may not be assigned or transferred other than by will or by the applicable laws of descent and may only be exercised by the option holder.

Adjustments. The Previous Stock Option Plan provides that appropriate adjustments, if any, will be made by the Board in connection with a reclassification, reorganization, or other change of shares, consolidation, distribution, merger or amalgamation, in order to maintain the participant's economic rights in respect of their options in connection with such change in capitalization, including adjustments to the exercise price or the number of Shares to which a participant is entitled upon exercise of options, or permitting the immediate exercise of any outstanding options that are not otherwise exercisable.

Change of Control. In the event that a change of control occurs, each option will become fully vested and may be exercised by the option holder. After such change of control the option may be exercised as to all or any of the optioned shares in respect of which the option has not been exercised, on or before the earlier of the expiry of the option and that date which is 60 days after the date of notice to the holder of such change of control event. After such date the provisions of the option shall reapply with respect to the balance of the optioned shares in respect of which the option has not been exercised, subject to the terms of the Previous Stock Option Plan.

Termination. The Board may terminate the Previous Stock Option Plan at any time provided that such termination will not alter the terms or conditions of any option or impair any right of any option holder pursuant to any option awarded prior to the date of such termination and notwithstanding such termination the Corporation, such options, option holders, directors and employees and shares shall continue to be governed by the provisions of the Previous Stock Option Plan.

Amendments. Without shareholder approval, but subject to compliance with TSX rules, the Board may amend, suspend or terminate the Previous Stock Option Plan or the terms of any option previously granted for the following purposes: (i) making minor or technical modifications to any of the provisions of the Rolling Plan; (ii) to correct any ambiguity, defective provisions, error or omission; (iii) to add or change provisions relating to any form of financial assistance provided by the Corporation to Eligible Persons that would facilitate the purchase of securities under the Rolling Plan; or (iv) to add a

cashless exercise feature to any option or to the Previous Stock Option Plan, providing for the payment in cash or securities upon the exercise of options.

However, disinterested shareholder approval (as well as compliance with applicable TSX rules) is required if the Board would like to amend the Previous Stock Option Plan for any of the following purposes: (i) to increase the maximum reserve of Shares permitted by the Previous Stock Option Plan; (ii) to reduce the exercise price of outstanding options; (iii) to extend the term of any option; (iv) to remove or exceed the insider or non-employee director participation limits; (v) to allow for an option to be transferable or assignable, other than for normal estate settlement purposes; or (vi) an amendment to the amendment provisions of the Previous Stock Option Plan.
